Michelle

I'm glad we have become friends this year. You are a very nice person. I'm glad that certain things didn't come between us. I hope maybe someday we can become even better friends. I hope one day that you can find the right person and be very happy.

I'm glad you came over the summer. I hope I helped you. Well, what can I say, it's been a great year. Good Luck!
Love,
Sheila Showpp

To a nice girl
Michelle

Michelle,

This year would not have been as fun without you as a friend. I hope this summer we can do a lot. I wish you weren't graduating this year because now I will have to find someone else to tell all my troubles to. You are a great person and I hope we will always be friends. See ya at McD's.

Lotsa Love

Kim Miller

Michelle,

I^{am} really glad that I got to know you better this year. You are a really sweet and beautiful girl. I think you will go far in life. You have a good head on your shoulders. I will remember this last month with you forever, it has ~~meant~~^{meant} a lot to me and always will. I really do understand what you have went through and I will always understand. I wish you the best of luck in everything you do and I hope you get everything you wish for out of life. Stay in touch and remember me.

Michelle,
I'm real glad I have gotten to be your friend this year. I hope we can become better friends over the summer. I really wish that we had gone out that one time. When I asked you out I couldn't believe that you said yes! Just because we didn't go out that time doesn't mean we can't try to go out again. You are a very beautiful girl, nice, and very fun to be around. I'm glad I'll be seeing at McD's this summer.

Mrs. Driggers and Stacey prepare for the new year.

Chad Boles waits to get back in the game.

Life in a small town is filled with events.

When you drive down Stewart Street, it is obvious that Milton High School has changed. Phase I of the construction of a new school building has been completed. It sweeps across the front campus and creates a new landmark on the horizon. A new cafeteria, a spacious library, and two wings of new classrooms housing the English and history departments have replaced the towering old pine trees that once shaded the front campus. The new building serves notice that we are meeting the needs of the present and that we are looking to the future as well. However, when Milton High School students arrived on campus for the first day of the 1984-85 school year, they found that the completion of construction was just *one* of the many changes which had swept away the old and brought on the new. All students were affected by changes in

nearly every phase of their educational program. The six-period day had been expanded to seven periods. Specific course requirements for graduation had been increased. Seniors found themselves on campus all day and in the classroom for seven periods. Clubs, activities and sports were forced to become true extra-curricular endeavors.

The rising sun of each new day brought with it some new horizon to be faced—some new goal to be met. Thrilled by the new building and undaunted by the sudden shifts in academic programs, students faced the new challenges with determination and spirit. It all paid off. Wherever they were to be found, Milton High School students faced the new by taking on the new in a responsible way. 1984-85—the year for New Horizons.

New Horizons in School Life

Students at Milton High School found many alterations in their school life. These changes varied from increased academic responsibility to the decrease in extracurricular activities. It was true that class time was shorter but with the extra class period, the amount of homework was increased. Students had to adjust to the new requirements so that they might adapt to new ways of doing things. Overall, the changes were positive as they helped each of us prepare for the uncertainties we face in life.

New Horizons in Community Life

Many of the Milton merchants were pleased to be able to have M.H.S. students employed on a part-time basis. The experience was not only beneficial to the merchant but also helped the students gain valuable on-the-job training.

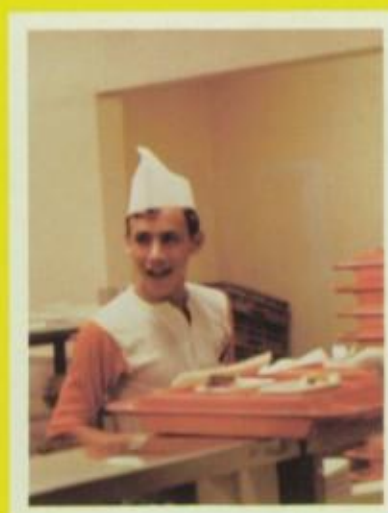

Students learned to manage the money they earned and to handle the added responsibilities of a job. Milton residents found it a pleasure to see high school students involved in community life.

New Horizons in Fashions

Fashions around Milton High School varied from person to person. Personal preference was shown by the clothes students chose to wear. Some of the newest fashions for girls included Esprit clothing, jelly shoes, twisted beads and chunky necklaces. On the other hand, boys elected to wear parachute pants, ties and shades. The most daring of the male population were seen sporting an earring. The variety of fashions helped to remind us that we were all unique and unafraid to try something new.

New Horizons in Entertainment

In the 1984-85 school year, the variance in entertainment paralleled the individuality of the M.H.S. students. The ways in which students spent their leisure time varied from sunbathing to hunting. Dating, going to the movies, and "hanging' out" at McDonalds continued to be favorite ways to spend an evening. Diversion from the routine was provided by the new skating rink and concerts in Mobile. If all else failed, you could stay home and watch MTV and have the best seat in the house!

Michelle,

Paper staff has been great this year! We've had our problems along the line but overall it has been good.

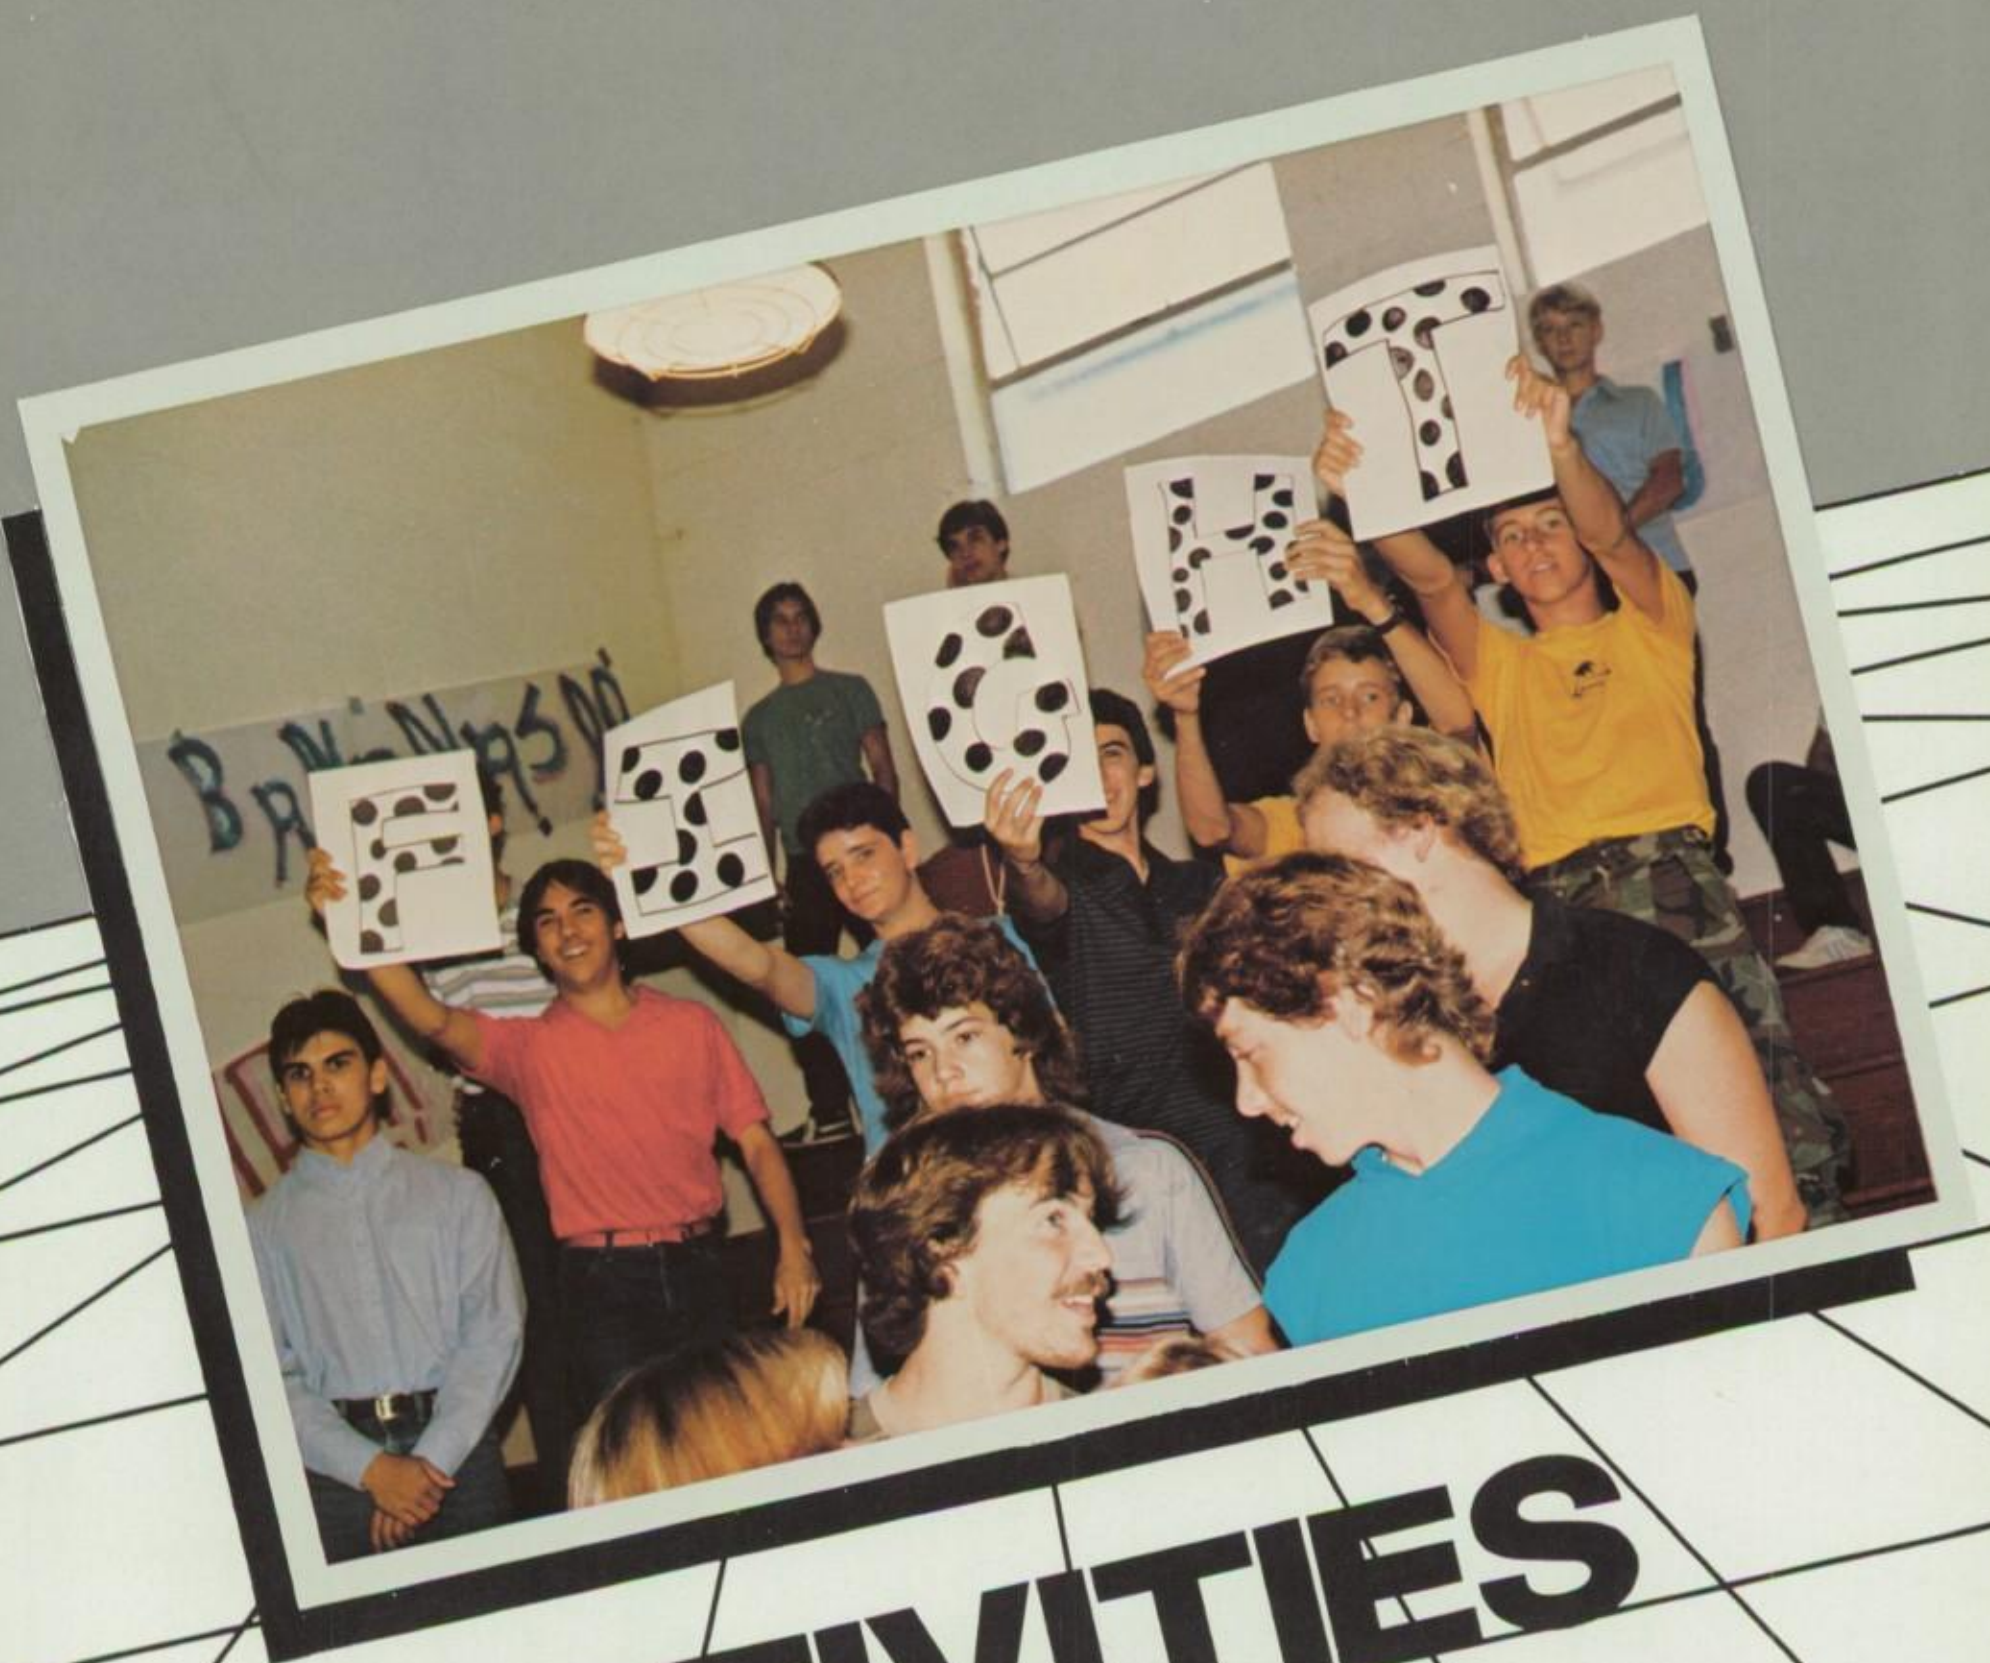

I'm really glad that I've had the opportunity to become such good friends with you. You are such a sweet girl! We've had some memorable times! "Lunchrooms"; "running errands"; talking about the future (the future); our lives; talking about everybody!; layouts (the morning layouts); so many things!

We wish you much success in the future in whatever you want to do. We'll be looking for you to come up here next year! You're always welcome!

Listen, keep in touch! Have a wonderful summer!!
careful!!

Love, Valerie

Activities have always been an important part of the tradition of excellence at MHS and although many changes evolved this year, activities still played an important role in everyone's school year. From honor societies and journalism to band and other musical ensembles, students had a wide variety of activities in which to participate. Homecoming and numerous other social events created lifelong memories and allowed students to form closer bonds among themselves. With all its changes and new additions, this year just served to prove that no matter what, MHS will always be the best.

Student Council Serves The School

The qualities of service, leadership, and spirit have always been important to Student Council. With the guidance of Mr. Don Lynn and under the leadership of Judy Mazur, Student Council overcame the limitations of new school regulations. One major change was making Student Council an extracurricular organization. This meant that meetings for activity preparation had to be held before and after school.

Student Council kept busy during the summer selling refreshments to summer school students during break. Later in the summer they assembled the Student Handbook. On the first day of school, members helped with student orientation by providing maps to students.

Extracurricular school activities ranged from operating a concession stand after school and during football and basketball games to selling doughnuts on Saturday mornings and sponsoring a school dance.

Student Council proved its value to Milton High School by overcoming school changes through a spirit of cooperation and unity. Thanks to them and their hard work, 1984-85 was a great year.

National Honor Society "A" Way—The Way

Sponsored by Mrs. Gayle Cowley and Mr. Lewis Lynn, this year's Panther Chapter of the National Honor Society was composed of eighty-four members.

The objective of the local chapter was to foster new levels of achievement among members in the areas of leadership, scholarship, service, and character.

National Honor Society members generated much enthusiasm for a new on-campus activity, the Brain Brawl, an intellectual competition between participating honor clubs. At the same time, the organization offered a comprehensive tutoring program for students having difficulty with classes.

A major task undertaken for its own purposes was the revision of the chapter's constitution in accordance with the new requirements of the national organization.

Me Panther's Paw

Panther's Paw consisted of eight staff members and five photographers, one of whom was a Swedish exchange student. Ms. Wanda Woolsey served as the advisor for the students.

During the summer, the group journeyed to St. Petersburg Beach, Fl. for the annual Summer Workshop. While there, staff members acquired new skills and spent extra time enjoying the beach.

In September 1984, Panther's Paw attended the Florida Scholastic Press Association workshop at Pensacola Junior College. Contests were held among participating schools and as a surprise to everyone, Panther's Paw won the shirt contest.

Through long hours of hard work and perseverance the members of Panther's Paw '84-'85 succeeded in battling deadlines and overcoming setbacks in their efforts to produce a yearbook for the student body.

Mu Alpha Theta honored students who have excelled in mathematics. To be a member of Mu Alpha Theta a student had to meet several requirements such as: 3 teacher recommendations, an overall 3.5 grade point average, and a present or previous enrollment in a math class more advanced than Algebra II.

Members tutored fellow students who had difficulty in a math class. They sponsored and participated in math tournaments in different schools throughout the county. Mrs. Valianos, the long-time sponsor of Mu Alpha Theta, has much to be proud of.

Panther's Tale

Panther's Tale was not an ordinary school paper. It was funded by the school's activity fund so that students could receive their copy free. Issues of the newspaper were distributed approximately once a month and they succeeded in covering all aspects of school life.

The Panther's Tale staff was made up of sixteen members, two photographers, and one advisor, Doris Kingry, who has been with the staff for three years. The efforts and hard work by the staff members were well-received by the students when each issue of the paper was distributed.

Homecoming Activities

Of all the changes taking place this year, nowhere was it more obvious than in the limitations placed on Homecoming activities.

Jaybeettes and Beta, once fiercely competitive in Homecoming events, began the week with a joint get-together which featured smashing rounds of volleyball and plenty of food.

The Beta club won the overall award for spirit and effort with their memorable scene which went unchallenged in competition. Through hard work and the involvement of a few dedicated students, a scene based on George Orwell's novel, *1984*, decorated the front campus.

The Homecoming pep rally on Thursday, November 25, 1984, was an overall success. The senior football players and the cheerleaders were honored with gifts, football players demonstrated their dubious skills in leading cheers, and Bryan Vogt was crowned "Homecoming King." The pep rally ended with ten students demonstrating their abilities in breakdancing.

Doing it with style.

Take it nice and easy.

Beta and Jaybeette members shows unity.

HOMECOMING MEMORIES

Homecoming 1984 was a memorable occasion for all. It marked the ending of old traditions and beginnings of new ones. To the applause of friends and relatives, the nominees were escorted onto the field before the game. Mr. Wes Browning provided the commentary as the candidates were crossing the field. Then Miss Judy Mazur announced the queen and her court.

Following the game, the Homecoming Dance was held at the County Auditorium. The Sophomore Class sponsored the dance and did an outstanding job of ensuring everyone of a good time. The music was furnished by Audio Services Unlimited.

Everyone involved with Homecoming 1984 thoroughly enjoyed themselves and will treasure their memories in the years to come.

Youth Council

The Youth Council was organized in 1971 by the Milton City Council to promote wholesome, constructive activities for the young people of this community. During the past thirteen years, the Youth Council has sponsored different activities. The major activity in which Youth Council was involved was Scratch Ankle. With the help and support of the community, this activity always proved to be a great success. Along with their involvement in Scratch Ankle, Youth Council sponsored dances for all age youth.

Members of the Youth Council are leaders who put their ideas to work for the youth of our community. One became a member of Youth Council by turning in an application and being voted on by a chosen committee. Members were expected to participate in all Youth Council activities and to attend all meetings.

Debate Team

The drastic changes which affected many of the other organizations on campus did not greatly hinder debate activities. However, due to financial limitations, the debate team had to be more selective in the number of tournaments they attended.

At the Ninth Annual Warm-Up Tournament at Florida State University, David Lyle and Lisa Hunter had an exceptionally good tournament winning four out of six rounds in the Varsity Division. Steve Short and Stephanie Lenox also had winning records in the Novice Division.

The team attended the Patriot Forensic Classic in Homewood, Ala. on November 9 & 10. In December, they attended a tournament at PJC.

Much effort went into preparing for each debate tournament.

David Lyle realizes that debating requires extensive practice to perfect.

The A-Team

The idea for the Milton High School A-Team originated with Jim Cook, Principal, and Burt Locklin, a member of the Guidance Department. The purpose of the A-Team was twofold: first, to recognize students who had already achieved academic excellence and then to encourage other students to make better grades.

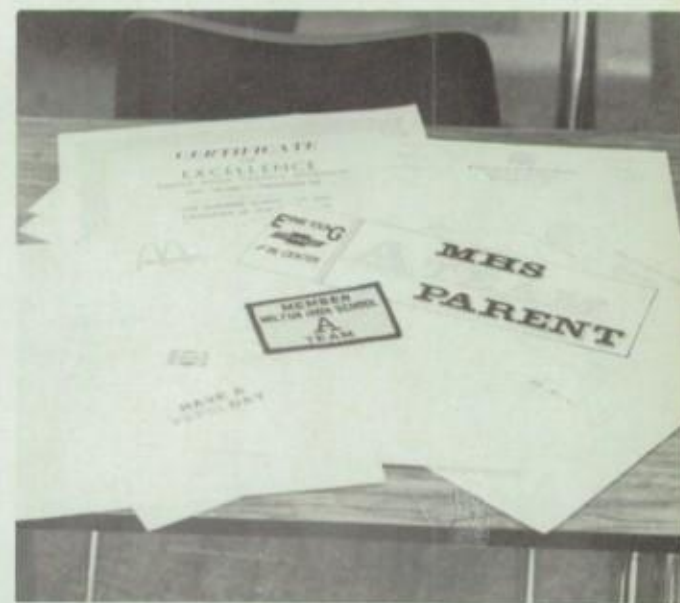

To become a member of this elite group, a student must have made straight A's for at least one six weeks or for a semester. In recognition of this accomplishment, state and town officials sent letters and certificates of congratulations. Patches and bumper stickers signified membership in the group. In addition, members were rewarded with several items such as movie passes, breakfast biscuits, and sports bags, all provided by local merchants.

The A-Team's first service to Milton High School was that of welcoming the community and guiding tours through the new school during Open House.

Beau of the Year Nominees

Beau Dance: You're The Inspiration

“You're the Inspiration” was the theme for Beau Dance 1985, which was held on February 2 at the County Auditorium. Audio Services Unlimited provided plenty of background music for much conversation and dancing.

Shortly before midnight and to applause from all who were present, the Beau of the Year and the three runners-up were announced.

Beau Dance 1985 will be fondly remembered in the years to come by all who attended.

Are we having fun, or what?!!

Are you sure you don't want to dance?!

This looks like an interesting conversation!

Good things come in small packages!

Ain't love grand!!

This couple took time out to relax.

Memories will be treasured in the years ahead.

They could have danced all night!!

We're ready to dance the night away!!

BEAU OF THE YEAR: Tim Polk. His date for the evening is Lori Lewis.

THIRD RUNNER-UP: Paul Faulkner. His date for the evening is Leann Cornelius.

SECOND RUNNER-UP: Marc Vallianos. His date for the evening is Anne Todesca.

FIRST RUNNER-UP: Bryan Vogt. His date for the evening is Ashley Mixson.

NJROTC: A Tradition

NJROTC (Naval Junior Reserve Officers Training Corps) has been an integral part of school life at MHS for over a decade. The color guard and drill teams marched in local parades and presented the colors before each home football game. The drill teams, academic team and athletic team spent many hours each week practicing before and after school to prepare for competitions. Milton NJROTC placed 4th over-all at competition in Pensacola and also tied for 3rd over-all in athletics and won three individual medals. NJROTC also attended a competition at Auburn University.

NJROTC was very active in fundraising events. They held a car wash, sponsored a bake sale and sold waste-paper baskets to raise money for various activities.

Throughout the year, NJROTC actively participated in a wide range of school and community events.

The annual beach party is a longstanding tradition of the NJROTC program.

Theater Arts

The Theater Arts class' spring production of 1984 was an enthusiastic rendition of *Guys and Dolls*, a musical fable of Broadway. This fast-paced show was filled with shady characters, chorus girls, and social workers. The large cast of characters kept up with the demands of the rapid dialogue and performed their song and dance routines with enthusiasm. The show's highlights included Mark McCombs' authentic Brooklyn accent, Tom Wekluk's generic acting and a chorus line of gamblers on their knees for the song, "Luck Be a Lady." Judy Mazur's inability to sneeze and Lynnie Kerrigan's gum-chewing provided other moments to remember.

You Can't Take It With You, a classic comedy about a family of eccentrics, was produced by the class in the fall of 1984. Staged on a truly outstanding set and efficiently run by technical crews, the play received tremendous audience response. In tune with their roles, Alicia Guidy had just the right touch as the mother, Natalie Adams was the perfect ingenue, and Tammy Wade had the audience in peals of laughter with her dancing. While Deirdre Woolsey and Holly Hollingsworth ran the show from backstage, Judy Mazur deserved special accolades for stepping into Lisa Hunter's role an hour before the performance ... without missing a line.

The loonies are loose.

Southern Regiment

In keeping with tradition, and out of necessity, members of the Milton High Band started preparing their new show early in the summer.

During the fall, the Southern Regiment attended two marching contests where, as usual, band members dazzled the crowds with their superior performances. Marching season ended with their sponsorship of "The Old South Open" which was attended by thirty-six bands.

Concert season meant the demands of playing new music while individual members prepared for solo and ensemble contests. Dedication gave members of the Southern Regiment a feeling of accomplishment.

Music Makers and Gold Dusters

Music Makers got off to an early start by performing in Washington D.C. at the National Independence Day Celebration. Music Makers and Gold Duster activities included performing in their annual Christmas and Spring concerts, competing in the show choir contests, while providing entertainment for many local clubs.

During the year, both groups sold pizzas and thermometers as fund raisers to help pay for trips, music, and equipment.

Music Makers

During the school year, students enjoyed many activities which were sponsored by the clubs at Milton High School. These clubs helped the students work together as they organized dances and had fund-raising projects such as doughnut sales and car washes.

For the first time in many years, school policy prohibited clubs from meeting during regular school hours. Some clubs were eliminated due to this new requirement, but those that continued to function remained strong and active. Many loyal and dedicated students met either before or after school with the same spirit that has always made Milton High clubs among the best.

Beta's work proves to be a success.

Beta is an organization which promotes the ideals of honesty, service, and leadership among the high school students of America. Its purpose is to reward meritorious achievement, and to encourage and assist students to continue their education after high school.

Any student in the ninth, tenth, and eleventh grades who has a 3.4 grade point average, acceptable character, and a definite leadership capability, is qualified for membership in this club. Members were expected to participate in the club's activities which included Homecoming scene, doughnut sales, spirit week, and teacher appreciation week. In spite of the new limitations placed upon it, Beta Club continued to uphold its traditional standard of excellence.

Jaybeettes began the new year well aware of the changes that had taken place in the school requirements. As a result they set out to prevail over these changes by maintaining their superior standings of the past.

Members helped maintain the cleanliness of the new campus by picking up trash. In December, they gave a Christmas Party for underprivileged children. February brought a "Sweetheart Dance," while the year closed with their annual end-of-the-year banquet.

Funds were earned by car washes and the sale of posters. Obviously, the unity which prevailed resulted in a successful year.

Future Business Leaders of America is a club known for preparing those students interested in perfecting their business skills and in helping others. Members were actively involved in furnishing boutonnieres and mums for the Homecoming Court. They also operated the school store. In District and State Competitions, they competed with others in typing, shorthand, and computer skills. During the middle of the year, they generously gave gifts to the teachers and later had their own Christmas Party. FBLA members ended their year with an end-of-the-year party. The year as a whole was definitely a rewarding experience.

"I'm also in National Honor Society."

OFFICERS: Sonja Sulcer—Promotion Executive; Leann McCombs—Historian; Fran Gryskiewicz—Parliamentarian; Judy Baker—Treasurer; Valerie Edge—Secretary.

With the change in school policy which required clubs to meet after school, the Keywanettes experienced a decrease in membership. That, however, did not stand in the way of their making 1984-85 an excellent year.

On December 14, the Keywanettes sponsored the annual Christmas Dance. For the first time, two of our own students, Wes Browning and B.J. Redden, provided the entertainment which many students enjoyed.

In February, Keywanette members held the traditional Val-e-Gram sale. Students responded enthusiastically and took advantage of the opportunity to send "that special someone" a Valentine.

By maintaining their dedication to their club and by giving of their energy, the Keywanettes made it an exciting and fulfilling year.

KEYWANETTE PLEDGE

- K is for kind words shown to all and each.
- E is for earnest help that is never out of reach.
- Y is for youthful energy spent in harmony.
- W is for wanting to achieve the best for ourselves and others.
- A is for anxious to live life to its fullest.
- N is for needing to be productive and useful.
- E is for eager participation as dreams become reality.
- T is for truthfulness which we value highly.
- T is for timely hours spent worthily so as not to perish.
- E is for eternal efforts in doing all that must be done.
- S is for satisfactory results as we are Keywanettes, club number ONE!

The great balancing act.

The Future Farmers of America Club was organized especially for students in Vocational Agriculture.

The FFA took part in many competitions throughout the year. The local chapter sponsored entries in public speaking, land judging, and tractor driving and received high marks for their efforts.

In June members attended the annual state convention in Orlando.

February was the time for the annual "wildlife fry." Each person brought in a type of wildlife to be used as a main dish. As usual, there was a big turnout for this event.

The Key Club is sponsored by the Kiwanis Club of Milton. It is a social and service organization catering to the needs of the school and community with emphasis on leadership. Mr. Arthur Schang was the sponsor.

An annual project for the Key Club was to sell community calendars.

In the summer, the members went to a water slide called the Funnel in Panama City. A day was made of the trip, and everyone enjoyed the fun and excitement. During Spring Break they attended an International Convention in Daytona Beach, Florida. The members conserved money by camping on the beach.

The Key Club has been both an active and enthusiastic influence in the school this year. That fact was celebrated at the annual end of the year banquet.

Diversified Cooperative Training (DCT) is a program designed to help high school students prepare for the coordination of on-the-job training with related study activities and regular academic classes.

The DCT program is based on the philosophy that through the cooperative efforts of school, business, and community, MHS students would have the opportunity to become contributing citizens. Participants in the DCT program worked to attain interests, aptitudes, abilities, and attitudes through coordination of directed study and supervised occupational experiences.

This opportunity program trained high school juniors and seniors who were at least sixteen years old. It provided for social growth, improvement in personal attitudes, and correlation of knowledge and skills.

F. C. A. & B I B L E

This year the Fellowship of Christian Athletes celebrated its 30th Anniversary. The local chapter of the F.C.A. met every two weeks before school and once a month at a local church. At meetings, members presented a program of their own or had a guest speaker.

Several money-making projects were sponsored throughout the year. F.C.A. members held car washes, and they participated in a thirty mile run since it was the 30th Anniversary of the organization. Money raised by the members went to other charitable groups or it helped to send F.C.A. members from other schools to a camp in the Black Mountains in the Carolinas in the summer of '85.

Although it has heretofore received little recognition, the Bible Club has actually been in existence at Milton High School for many years. Organized as an interest club by Mr. Hunsucker eighteen years ago, membership has always been open for anyone who wanted to join.

The club's sponsor and members met once a week before school for prayer and Bible study. Meetings also provided students with the opportunity to discuss the problems which face teenagers or any other topic related to living in accordance with Christian teachings.

... while club members look forward to another busy year.

Attending classes in the new facility with its modern furnishings made school life more enjoyable. This was only the most obvious change for classes at Milton High School. Other changes were to be found in the new requirements for classes. These changes included a seven-period day, an added number of credits required for graduation, and the eighteen-day limit placed on absences. If a student's absences exceeded eighteen days, he was required by the State of Florida to pass a test of minimum performance standards before receiving a credit for the class missed.

The new facility and the additional class helped each student to be better prepared for the future. Realizing the importance of their future endeavors, students adjusted to all the changes by meeting the new requirements with a spirit of acceptance and determination.

The new horizons for 1984-1985 became a pathway toward the future.

I really glad I got to know you this year. You really did a good on the Panther's Tale this year. Thanks for being patient with me while I mastered the skill of typing stories. I hope your future years are filled with happiness.

Love Always,
Jennifer

CLASSES

CLASS OF

Joyce Madarang—President.

Kim Crider—Vice-President.

The Senior Class of 1985 was unique in that it was the first class to graduate after attending classes in the new portion of the school. Also unique was the State's new regulations which required the seniors, with the exception of those who have jobs, to stay on campus all day.

The seniors chose memorable words written by an anonymous author. The motto reads: "For Yesterday is but a Dream, And Tomorrow is only a Vision; But Today, well lived, Makes every Yesterday a dream of Happiness and every Tomorrow a Vision of Hope."

George Goggans—Sponsor.

Sonia Hayes—Treasurer.

Fran Smith—Secretary.

EIGHTY-FIVE

Class members chose the orchid as their class flower, "We've Only Just Begun" their class song, and the colors were maroon and gray.

Car washes and the sale of class pens and key rings were some of the fund-raising projects that the seniors used in order to earn money for "Project Graduation," a "non-alcoholic" program intended to reduce graduation night accidents.

Through a spirit of determination and acceptance, the Seniors of 1985 successfully proved that they could adapt to the changes that were brought upon them.

Walker Allen reviews his notes before class.

"No, John—You know I have a boyfriend!"

Mr. MHS

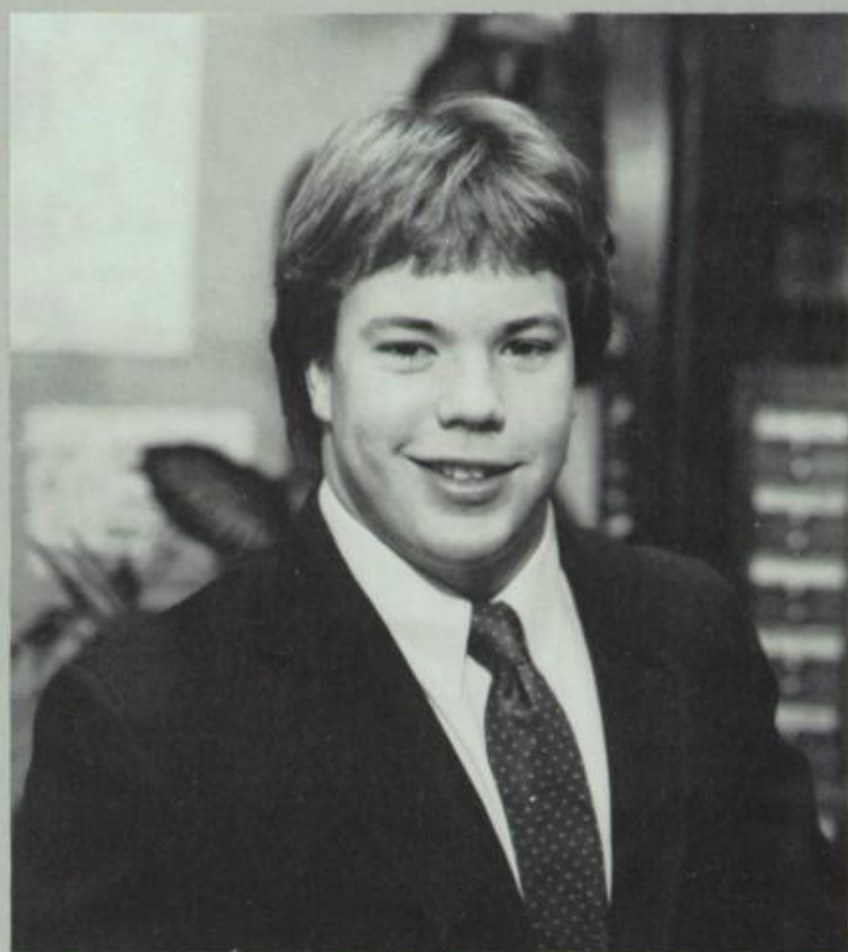

Meet the "Boles" family—Lib, Chad, and Gordon.

Use those muscles, Chad—he's a "big one."

Chad listens attentively to Mr. Royals as he explains a drafting assignment.

Chad Boles, Mr. MHS.

Chad received the honor of Mr. MHS by obtaining the most votes from the Senior Class during the election of Senior Superlatives. Chad's parents, Gordon and Lib Boles, were proud of Chad for getting this honor and supported him in his activities throughout his high school years.

Chad is everyone's "bud" and because of this he received the honor of Mr. MHS. He played football, was an active member of Key Club, and was involved in two honor organizations, National Honor Society and Mu Alpha Theta.

During his Senior Year, he was involved in Beta Club and was voted to be a Senior Superlative. Chad was loved by everyone at MHS and with good reason.

Meet the "Bond" family—Sue, Shannon, and King.

Miss MHS

Shannon Bond, Miss MHS.

Shannon practices golf in her spare time.

Shannon studied her papers before a test.

Parents always deserve credit for the achievements of their child. Shannon's parents, King and Sue Bond, share this honor with their daughter.

The honor of Miss MHS was received by the student who obtained the most votes from the Senior Class during the election of Senior Superlatives. Shannon always has a sweet smile and is loved by everyone.

If anyone deserved the honor of Miss MHS, Shannon did. She was a member of Beta, National Honor Society, Golf Team, and Music Makers. She was also voted the 11th grade Homecoming Representative.

During her Senior Year, she was secretary of National Honor Society, 2nd runner up to the Homecoming Queen, Senior Superlative, and Hall of Fame for Music Makers and Golf.

Outstanding Senior Boy

A special closeness is felt between Daryl and his parents.

Academics is an important part of his school life.

Daryl works out to keep physically fit.

Daryl Smith, Outstanding Senior Boy.

Over the years, Daryl Christopher Smith, son of Mr. and Mrs. Tim Smith, has been greatly influenced by his parents. This influence played a part in the development of Daryl's character, abilities, and goals. As a result, members of the faculty and administration presented Daryl with the highest honor a Senior could have—that of being chosen as Outstanding Senior Boy. Daryl's character and his academic abilities were the basis for his selection for this honor. In addition to being a member of National Honor Society, Daryl also participated in football and baseball. As fullback on the football team, he excelled by being a driving force in the Panther offense. He likewise enhanced the defensive measures of the baseball team by playing short-stop. Obviously, Daryl's quiet but persistent efforts are good indicators of a title that is well-deserved.

Anne realizes that her parents have been a vital influence on her life.

Outstanding Senior Girl

Anne Fitzgerald, Outstanding Senior Girl.

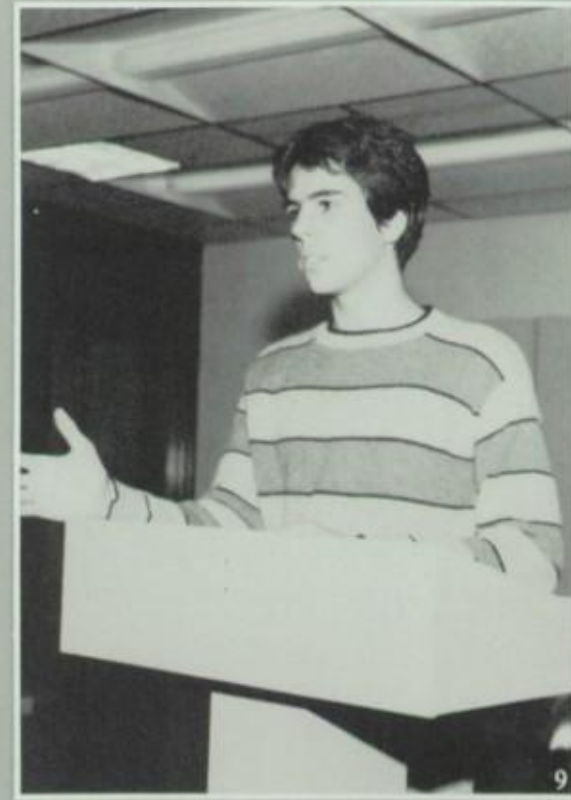

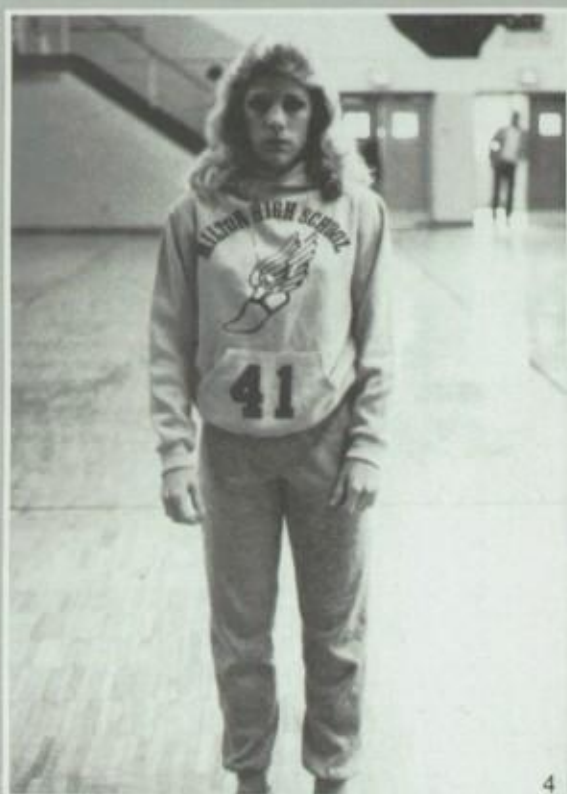

Anne works on Beta's scene.

Being a band member required Anne to practice her instrument many extra hours.

Anne Fitzgerald, daughter of Mr. and Mrs. Paul Fitzgerald, was chosen as Outstanding Senior Girl by members of faculty and administration. She was given this honor because of her service, leadership, and academic excellence. There was never a dull moment. Anne spent many hours involved in various organizations and activities such as Beta Club, Mu Alpha Theta, Class Board, National Honor Society, and Band. In addition, she was on several math teams and played many leadership roles in the band. In addition to all her extracurricular activities, Anne maintained a remarkably high academic average and still had time to play the piano, as well as the clarinet. Because she has upheld all the high standards she has set for herself, it seems very fitting that Anne be chosen as Outstanding Senior Girl.

CLASS OF

Members of the Class of '86 have come a long way in just three years. Their freshman year was full of surprises and new responsibilities to be fulfilled. When they returned the next year as sophomores, they discovered that they had finally moved up a step in the world and gained some status. Class members also became more involved with school and club activities.

When juniors started the 1984-85 school year, they had to make a few adjustments. Suddenly they were back to trying to find classes in the new building, doing homework for seven classes rather than six, and fulfilling the new requirements for graduation. Juniors turned out

in large numbers to show their class spirit and to support MHS teams at all the various sports events.

Junior Board was occupied with raising enough money to sponsor the traditional Junior-Senior Prom at the end of the year. A vast amount of time and effort were spent to produce an evening that would be remembered in the years to come by all who attended.

The Class of '86 has almost come full circle. Next year, they will return as seniors to complete the most memorable four years of their lives. Wherever they go, memories of 1984-85 will accompany the members of this year's junior class.

Mark Faulkner gets his work done.

Can you handle it, Brett?!!

You have been a very good editor this year.

I am glad that I got to know you a little better through staff. You are really sweet and a great friend. Sorry if I did not do my best on staff, but I had so many other classes to worry about. I'm not the reporter type anyway. Good luck in whatever you do!

CLASS OF

As members of the Class of Eighty-Eight began a new school year, they encountered more changes than previous freshmen classes. Along with the usual upheaval freshmen must face, they had new challenges. The first and most obvious challenge was for them to find their way around a school building that was entirely new to them. New teachers, new rules and regulations, and new classmates all had to be quickly learned. The new requirements for graduation and the seven-period day were other realities faced by the ninth grade. For them, back-to-the-basics had become a reality.

The major fund-raising project for this

EIGHTY-EIGHT

class was a stuffed animal sale. Organized by Board Members, the sale went well.

Always known for its exhuberance, this year's freshmen class was no exception. Freshmen spirit was most obvious at the pep rallies where the force of their cheers left upperclassmen bewildered but impressed.

'84-'85 was a great beginning for the younger members of the student body. Their enthusiasm had assisted them in overcoming the many obstacles set before them and had provided an enjoyable school year.

Freshmen enjoy acting out *Romeo and Juliet*.

Pep rallies led some freshmen to dress up.

Catching up on the latest gossip?

"Where did you get *that* answer?"

Class of '88

"She just said that . . ."

Moments alone are sometimes necessary.

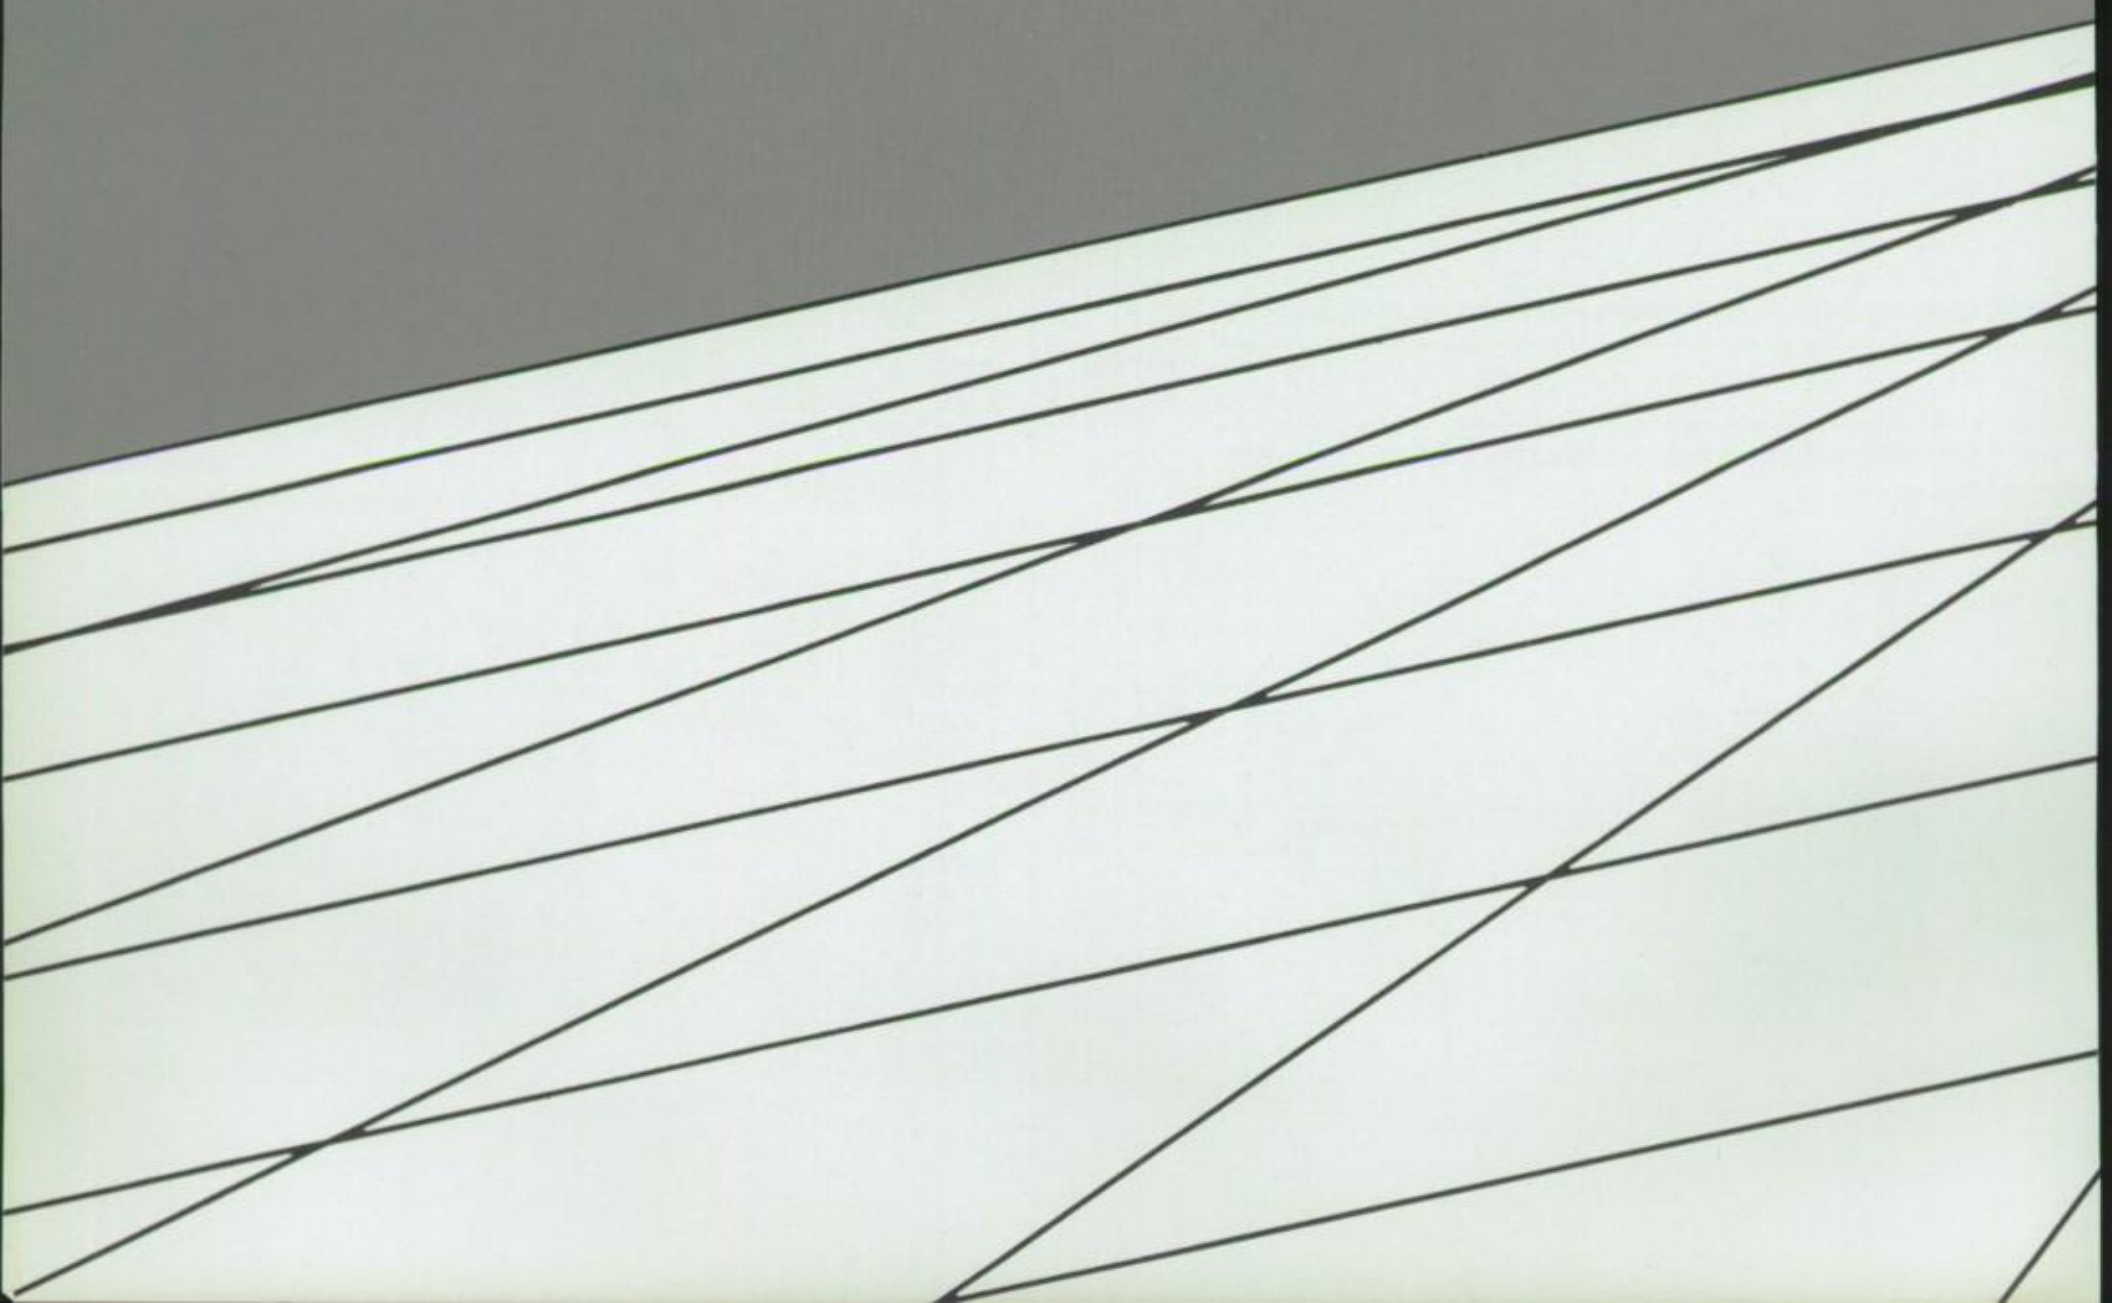

Students gather before class.

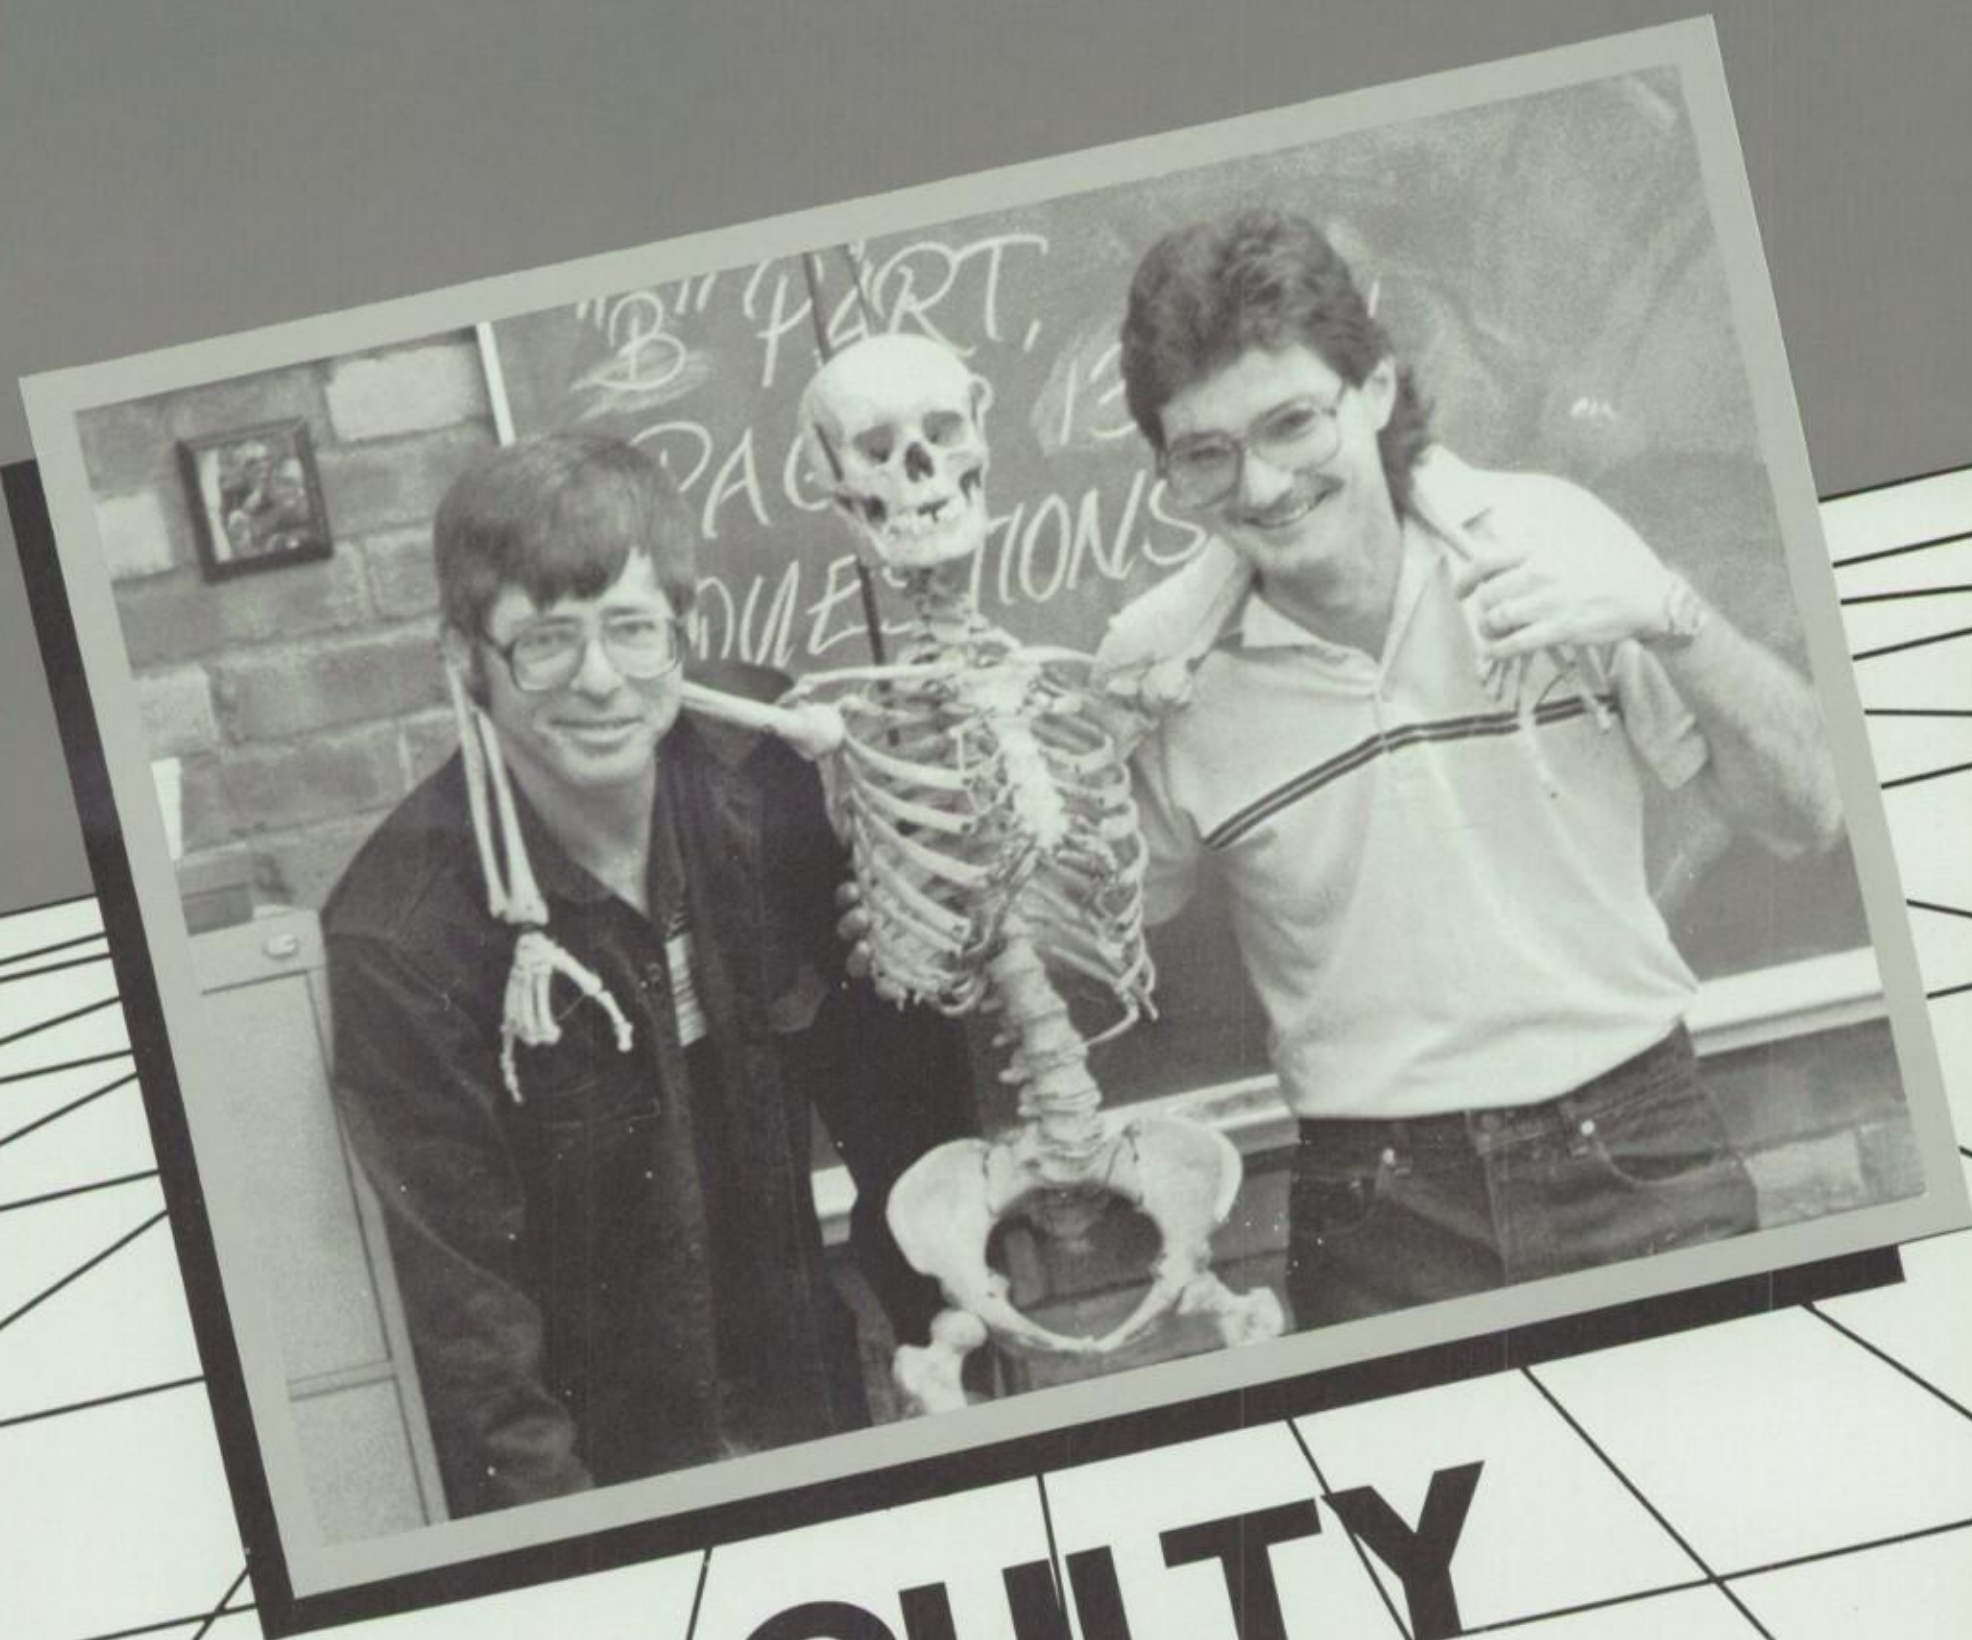

Milton High School would not be the school it is without its highly qualified and dedicated faculty. Many hours beyond the seven-and-a-half hour workday went into the preparation of materials and the grading of papers.

While members of the English and social studies departments, librarians, and cafeteria workers enjoyed working in the new facility, all teachers were in agreement that the 1984-85 school year brought new challenges. There were major adjustments to be made with both the new fifty-minute class period and the additional class period in the new seven-period day.

In addition to their work in the classroom, many teachers served as sponsors of different organizations, giving willingly of their time to help the students after school. The elimination of club meetings during the regular school day meant increased hours spent after school and on weekends.

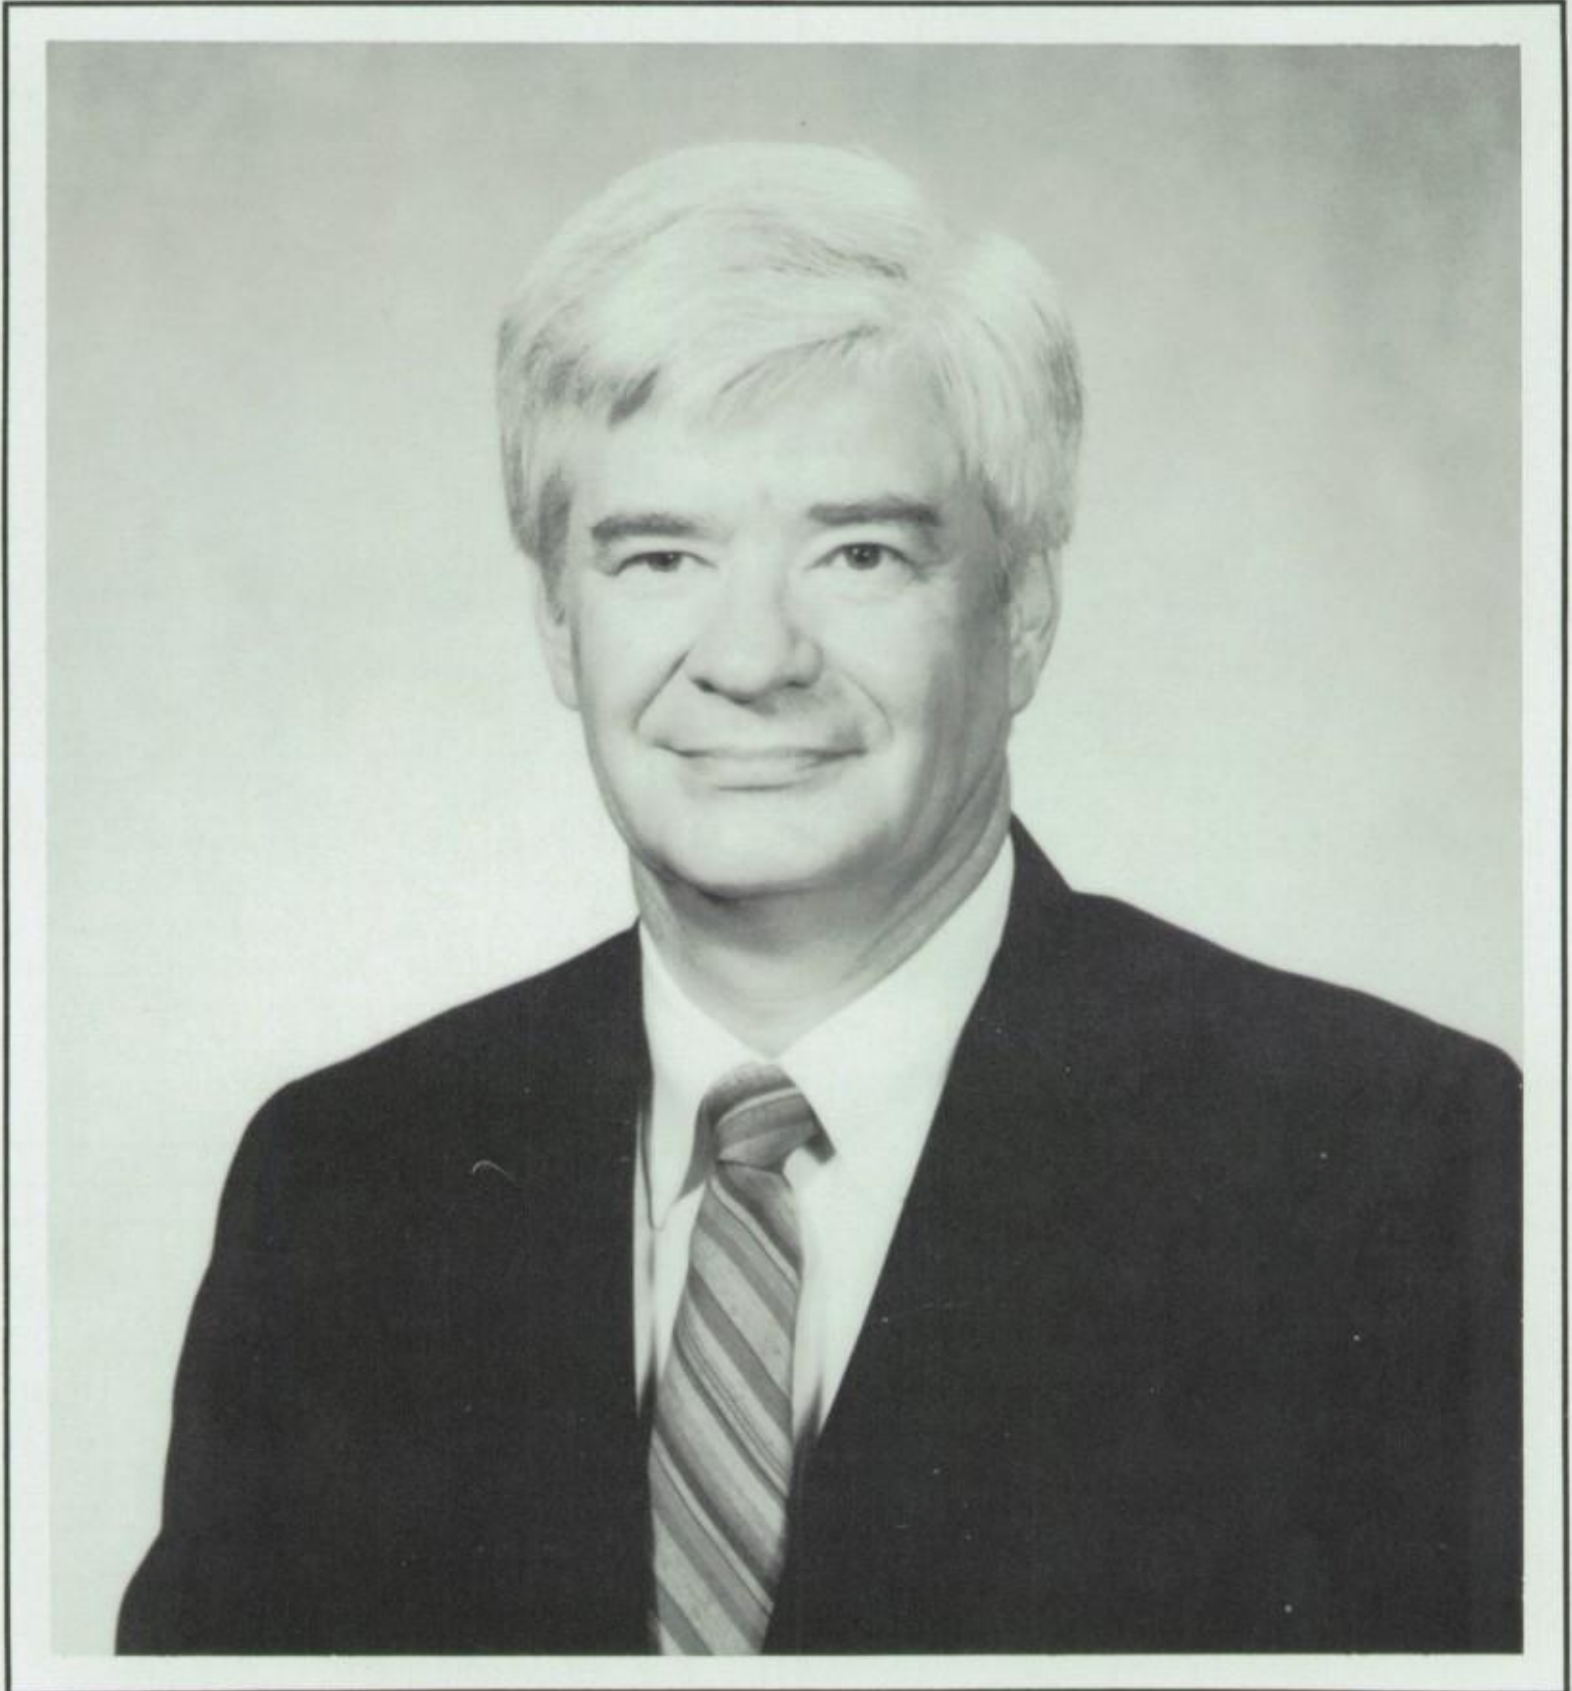

If the hours were long and the rewards few and far between, faculty members at least experienced a sense of accomplishment by having met the new demands and by overcoming the many obstacles in the way of providing a thorough educational experience for MHS students.

FACULTY

Administrators Provide

JAMES E. COOK

Jim Cook came to Santa Rosa County in 1957 and began teaching at Munson High School. He transferred to Milton High School in 1959 as Assistant Principal and became the Principal in August of 1966.

During the period of his administration, Mr. Cook worked

closely with both teachers and students to ensure the best possible overall school program for Milton High School.

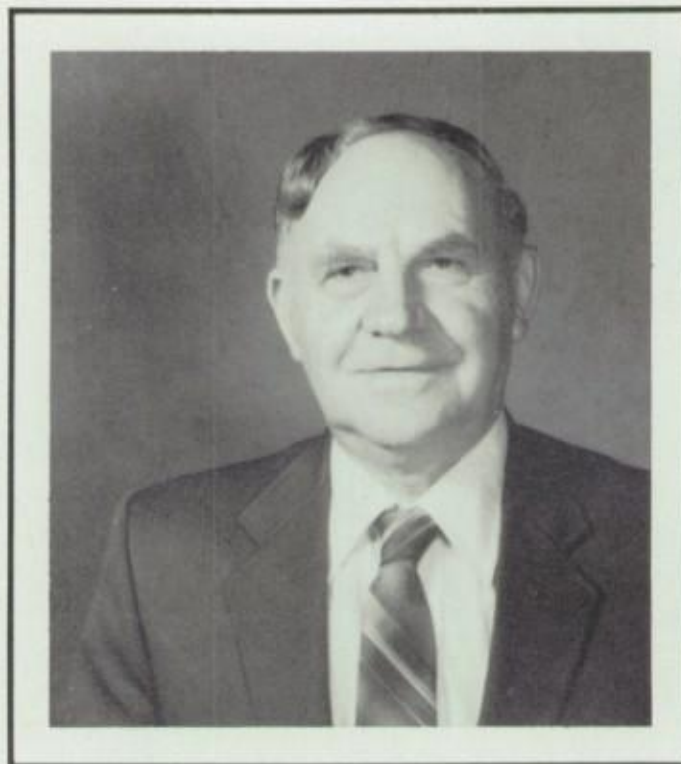

As he now moves on to new challenges in the field of education, we wish him the very best and express our appreciation for his many years of service.

Student Role Models

DON L. LYNN

Don Lynn began his career in education at Milton High School as a history teacher in 1958. As the Assistant Principal of Instruction, he is able to work closely with teachers and students. Mr. Lynn also enjoys collecting porcelain, reading, fishing and following football games.

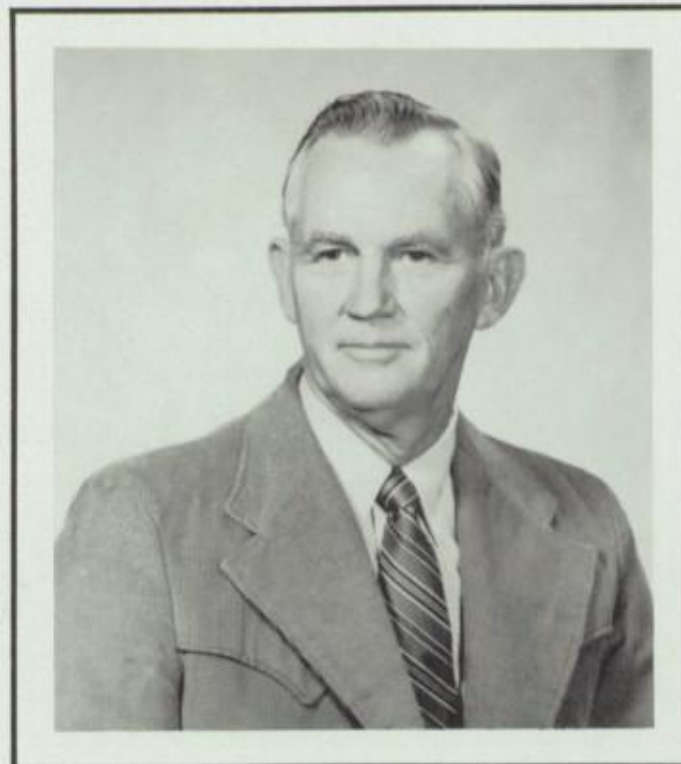

JAMES V. ROSSER

James Rosser has been coaching and teaching for twenty years in various schools. He is presently the Assistant Principal of Administration at Milton High School. When he has a few spare moments, Coach Rosser enjoys keeping up with the sports scene.

JANICE PETERS

Janice Peters began her career as a teacher at MHS and then became Dean of Students when the position became available. When she has spare time, she enjoys reading and gardening. After she retires, she plans to go into business for herself.

ARLIE HUGHES

Arlie Hughes first came to Milton High in 1955. He left in 1963, but came back in 1968 as Director of Administrative Services. Mr. Hughes enjoys golfing, fishing, hunting and gardening in his extra time.

Teachers Set Good

The Special Education Department is designed to meet the unique needs of individual students. Teachers in this department were willing to devote extra time and effort to ensure that each student received all the help and support he needed.

CHATS, the gifted program, offered students who possessed exceptional academic capabilities the opportunities to broaden their educational horizons as well as make plans and decisions concerning their futures.

Students in the EMH and SLD classes were especially lucky to have teachers who not only helped them overcome their special problems but also offered words of encouragement when the going got rough. The teachers worked with each student on an individual basis and in small group situations.

Ever since the school year ended last year, the librarians were hard at work organizing and setting up the new library. All books were recorded onto a computer and each student was issued an I.D. card for checking out books. A new security system was installed and an archives filled with hard-to-obtain data was formed.

The guidance counselors worked with students on arranging schedules and assisting with making plans for attending colleges or vocational schools.

DCT and Co-Op gave students the chance to gain experience in the working world while under the supervision of a teacher. Students learned valuable skills in business and communications.

Performing the Art

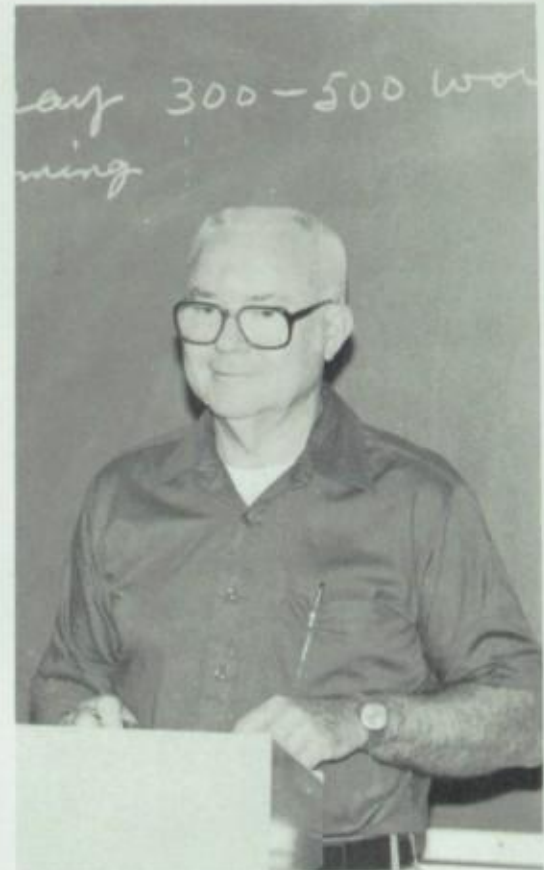

Self-expression is a valuable tool in developing both our lives and our personalities. The Language Arts Department sought to help students through courses which stressed both written and oral forms of communications.

In 1984, the Department had several curriculum changes. The variety of English courses was reduced to four basic classes. Each class had three levels, ranging from basic to advanced courses, to maximize students' success. Emphasis was given weekly writing assignments in hopes of improving writing skills.

Debate and Play Production gave students a unique challenge and improved their communication abilities as well.

Along with the many other changes that took place at Milton High was the development of a Foreign Language Department with Mrs. Sharon Bint as its Chairman. Enrollment in Foreign language courses was up as a result of state legislation which would eventually require two years of foreign language as an entrance requirement to state-supported colleges.

To help meet the increased demand for foreign languages, three new foreign language teachers were hired. Their goals were to sharpen the students' English skills, teach a new language, and help the students understand the culture behind the language that they had learned.

Always Looking For

The Science Department, challenged by the diversity of students at M.H.S., offered a variety of courses which prepared students to live in a society where there is an ever-increasing need for technological and scientific expertise. From general science to physics, students found the opportunity to enhance their scientific knowledge.

In order to help offset increased enrollment in science classes, which was largely the result of the new course requirements, the science department gained a new teacher, Mrs. Joyner. The department used the equipment it had purchased at the end of last year to construct two new General Science labs.

Shortened classes made it difficult for the students to finish lab assignments. As a result, teachers had to reduce lab assignments.

Headed by Mrs. Bessie Vallianos, the Math Department continued its tradition of providing students with the alternatives of a sound practical experience with mathematics or a high-level theory—based math which would take them straight into advanced college classes.

This year the math department acquired two new teachers, while several department members changed assignments. Calculus II was offered for the first time this year.

Stricter rules concerning absences restricted participation in math tournaments and other outside activities. Math teachers felt that fifty minute periods were not adequate time for proper discussion and review. They had a greater amount of paper work as well as a shorter time for planning.

Making Fit Bodies—

The Physical Education Department offered a variety of classes. Included in the curriculum was PE, Gymnastics, Dance I and II, Performing Dance, Lifetime Sports, Recreational Hunting and Fishing, Weight Conditioning and Weight Lifting. These courses expounded on physical fitness and enhanced emotional stability. Coaches Blakemore, Burke, Manning, Williams and Mrs. Whidby are dedicated teachers and coaches.

An important part of the school curriculum was Social Studies. Social Studies taught us about our heritage and the history of the world. Social interaction and customs were developed. Along with the addition of the new Social Studies wing, new interest was created.

The classes offered were American History, World History, Americanism vs. Communism, Sociology, Psychology, World Geography and Florida Youth and Law. These varied courses gave students a chance to learn about other cultures as well as our own and also to broaden our horizons.

Life Skills

In 1982, the Locklin Vo-Tech Center opened its doors to our students. Along with welcoming students, it welcomed some teachers from Milton High School as well.

At present, Marilyn Brouillette, Charles Etheredge, Jane Floyd, Retta Goss, Freida Nichols, Larry Penton, Gus Rich, and Bill Richardson are all teachers at the Vo-Tech Center, but they work with Milton High School students as well.

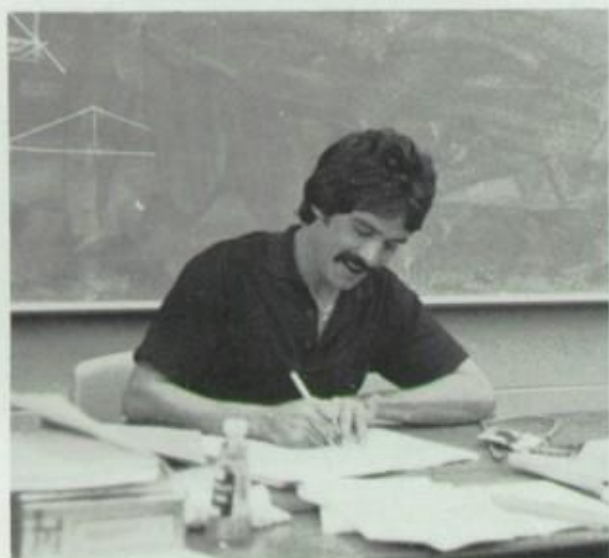

M.H.S. students have found an ideal facility for a wide variety of programs. Included in these programs were: Secretarial Word Processing, Accounting with Computers, Clerical Practices, Electrical Wiring, Carpentry, Masonry, Plumbing and Pipe Fitting, and Nursing Assisting.

Courses in home economics and business offered students real-life skills and practical experiences.

The Business Department offered a variety of courses. College-bound students considered typing and computer classes as a requirement, while students headed for careers in the business world elected the traditional offerings in accounting, shorthand, and business law.

The Home Economics Department offered courses which allowed students the opportunity to gain experience in sewing, cooking, personal grooming, and budgeting. The course in family living provided the chance for students to familiarize themselves with skills which will be so important when they establish families of their own.

Elective Courses

Mr. Micheal Brown and Mr. Gordon Howard are two highly skilled teachers of the Trades and Industries Department. The students were taught the fundamentals of repairing an engine, painting, and removing dents from an automobile. These activities were done under supervision and provided actual hands-on experiences for students who elected to take these classes.

The Agricultural classes, taught by Mr. Robert Hughes and Mr. Gralyn Adkinson, examined the plant world, by observing, experimenting, and testing the growth of new and different plants. The students explored the various areas of agriculture and obtained many skills for their chosen career.

The new half-credit fine arts requirement, allowed students a chance to gain experience in a wide variety of courses. Music, drawing, sketching and woodworking were among the choices. Mrs. Betty Maddux, director of Music Makers, scheduled many concerts for local organizations. Through the years, she has rendered her service to make the MHS chorus well-known. Mr. Bud Bell, the director of the Southern Regiment, also served the school and the community as the band played for football games, pep-rallies, and participated in competitions.

Industrial arts, taught by Mr. Frank Iiames and Mr. Joe Helton, was offered to students. Students sharpened their skills in woodworking, plastics, and sheet metal. Drafting, taught by Mr. Robert Royals, included free-hand sketching, multiview drawing, and mechanical drawing.

Art classes were instructed by Mrs. Adele Johnson and Mrs. Joy Floyd. The environment of the school was beautified through the talents of art classes. Their projects included figure drawing, pottery, painting, and commercial design.

What Would We

The importance of secretaries and aides to an efficiently-run school cannot be overlooked. Without their assistance in a wide range of assigned duties, both teachers and students at M.H.S. would have been lost.

Secretaries served an important function in regard to administrative work. Keeping financial records, preparing reports, and assisting administrators, teachers, and students helped to make school life more enjoyable.

Aides served the various departments in a variety of ways. Specifically assigned to assist teachers in the preparation of tests and materials, they nevertheless came into direct contact with students when asked to maintain a classroom for a teacher who was absent for a portion of the day. Earnestine is proud of her salad bar.

The learning process of students is greatly affected by their surroundings. Two special groups of people, the dietary personnel and the custodians, worked hard to provide us with an atmosphere conducive to learning.

The "lunch-room ladies" celebrated the opening of the new cafeteria with its spacious kitchen and work areas. Students celebrated as well, enjoying the new salad bar and a wide variety of foods from which to choose.

Custodians, the unsung heroes of the after-hours, worked tirelessly to provide us with a clean environment. Whether emptying wastebaskets or cleaning desk tops, the custodians helped us to take care of the new facility and to maintain the old building as well.

Milton High School has always been known for its many achievements in the field of athletics. 1984-85 was no exception to this long tradition of athletic excellence.

The year was not without change, however. Athletes were required to spend practice hours after the normal school day, and the state requirements concerning the limits on absences hampered the scheduling of competition with other schools.

In spite of the difficulties, enthusiasm and determination were qualities shown by each athlete. Hours of hard work were spent as students learned to work together, an accomplishment which made them very competitive in team events. Athletes in individual sports tested their endurance and their own personal limits in order to excel.

The wide variety of sports offered at our school made it possible for many students to use their talents. If the cheers of the student body were any indication of support for our athletes, then the Milton High School sports program was an unqualified success.

Michelle,

I can't tell you how great it has been getting to know you this year. You are a very sweet and great looking girl. I know we have had some bad times this year but I hope you remember the good times for they meant a lot to me. I think that it is better that we can be no more than friends, because sometimes a good friendship is better than a good relationship. Well, good luck with your future and never forget me, because I'll never forget you!!!.....

Varsity Football

Panther Football this year was as exciting as it was challenging. Having the smallest sized team in seventeen years was the toughest problem to face. The players conquered that obstacle with seven of the ten teams they played. Practicing long and hard paid off as the season ended with a winning record. Amazing the forecasters and proving themselves to be true Panthers was icing on the cake. The legacy of having a winning season was once again a reality for the '84 Milton High Panthers!

Top: David Shell, Tommy Petty, Patrick Germain, Chris Urps, Tim Spivey, Paul Pugh, Marvin Jones, Chris Rowland; 4th: Norman Taylor, Jerry Avant, Ashley Weaver, Richard Lambert, Tim Mullins, Pat Thompson, Bryan Vogt, 3rd: Gerome Simmons, Eddie Nelson, Duane Raley, Jimmy Rollo, Chad Boles, Greg Johnson, Lamar Lundy, David Wilks, Troy Stone, Boo Brasher, 2nd: Mike Krietzinger, Ken Matejka, Steve Kelley, Bobby Hooper, Reid Hines, Daryl Smith, Joe Teston, Reggie Slack, Dante Obcena, Wayne Blackwell, Bottom: Chafan Marsh, Antonello Bucci, Mark Beckwith, Clay McDuffie, Bill Hayes, Tim Polk, Keith Sims, Randy Locklear.

With only two starters returning from last year, the Varsity Basketball team faced a season destined for rebuilding and reorganizing. Toward this end, practice began during the summer with team members devoting long hours to the twice-a-week sessions. Regular after school practice began in October.

According to Coach Helms, the season was especially tough. Even though Coach Helms was disappointed with the win and loss program, he was not completely disheartened considering the enormous problem of a lack of experience. He was also encouraged by the efforts expended by team members to improve upon their talents.

The basketball team's greatest asset proved to be their quickness. With this in mind and with an eye on the future Coach Helms and his players were definitely "looking for better days."

The season went well until the girls had four straight losses. After that, the girls got back in the game and started winning again.

Mrs. Norton, sponsor, remarked: "MHS Varsity Cheerleaders are a great bunch of girls to work with."

Varsity Baseball

The Varsity Baseball team had a rough schedule set for them this year. The competition they faced was very stiff.

Milton's strong point was their hitting ability. Many of our boys had the ability to "send the ball flying." Coach Hawthorne's overall outlook for the season was good, however. He felt that the only weakness the team had was in defense.

With the new school requirements came problems for the team. Nine of the games started in the afternoon making it hard for the players to leave class in order to get to the game on time.

However, the changes did not hamper the team at all. They made the best of what they had and overcame the many obstacles set before them. Congratulations for a job well done!

Members of the girl's softball team will always remember the '85 season for its unique beginning. They opened their first game by having a dedication service in honor of Kay Strickland. Team members had agreed to dedicate their entire season to her memory.

As the softball season got underway, there was a very promising outlook for team members. Coach Peacher felt that this year's squad had an even chance to have a winning season in the tough District I competition. Having both strength and experience, the team's hitting ability was judged to be the greatest asset.

Coach Peacher expressed regrets that varsity sports had been eliminated as a class. One result of this change was that the scheduling of games became more difficult. Also, with games beginning later in the afternoon, players returned from away games later in the evening and found it difficult to keep up with their studies. On the whole, however, team members managed to have an optimistic as well as profitable year.

Dedicated to Kay Strickland: She was a very unique individual. She was known for giving 100% of her time and effort in all of her endeavors. Peers often regarded her as one who never complained. We love you.

This year's Girls Junior Varsity Basketball team showed determination and drive as the season progressed. Since some of the girls had never played basketball before this year, there were many basic skills to learn and attitudes of sportsmanship to develop.

Members of the team formed a unit, and each girl learned what "Milton Panther" really means. Coach Lisa Williams enjoyed working with the girls and is looking forward to seeing each of them mature and grow as athletes.

The Junior Varsity cheerleaders maintained Milton High's reputation for excellence by winning the Best Overall award for their division at the University of West Florida's Elite Cheerleading Association camp. They then went on to competition in Mississippi where they received the award for the best overall J.V. squad.

During the summer, J.V. cheerleaders learned that cheerleading was not all glamour as they practiced hard every day. Many long hours were spent to perfect skills which helped them to achieve excellence. The ten smiling faces brought enthusiasm to the sophomore class at pep rallies and the J.V. fans at football and basketball games.

When the season came to an end, each cheerleader had gained a new and different experience.

J.V. Baseball

This year's J.V. Baseball team got off to a good start. Both of the coaches, Danny Rutherford and Joe Moberly, had an optimistic attitude regarding this year's squad.

Coach Rutherford felt that the players, as a whole, were more experienced this year than in previous years. This was partly because of the increase in the number of sophomores on the team. Because of their previous experience and leadership, it was predicted that the team would be more competitive in this year's difficult schedule.

Rutherford also stated that he felt that this team would be well-balanced in their strengths. These strengths he defined as a strong defense and pitching ability.

With the exception of having caused scheduling problems, the new school requirements had little effect upon the players. Their eagerness and optimism led them to another successful year.

9th Grade Football

9th grade offense overcomes opposition.

Players practice anywhere and anytime.

Long, hot, tiring hours of practice during the last two weeks of summer vacation and after school led to a victorious year for the 9th grade football team. A combination of time, effort and determination was important for the team's morale. The combination paid off.

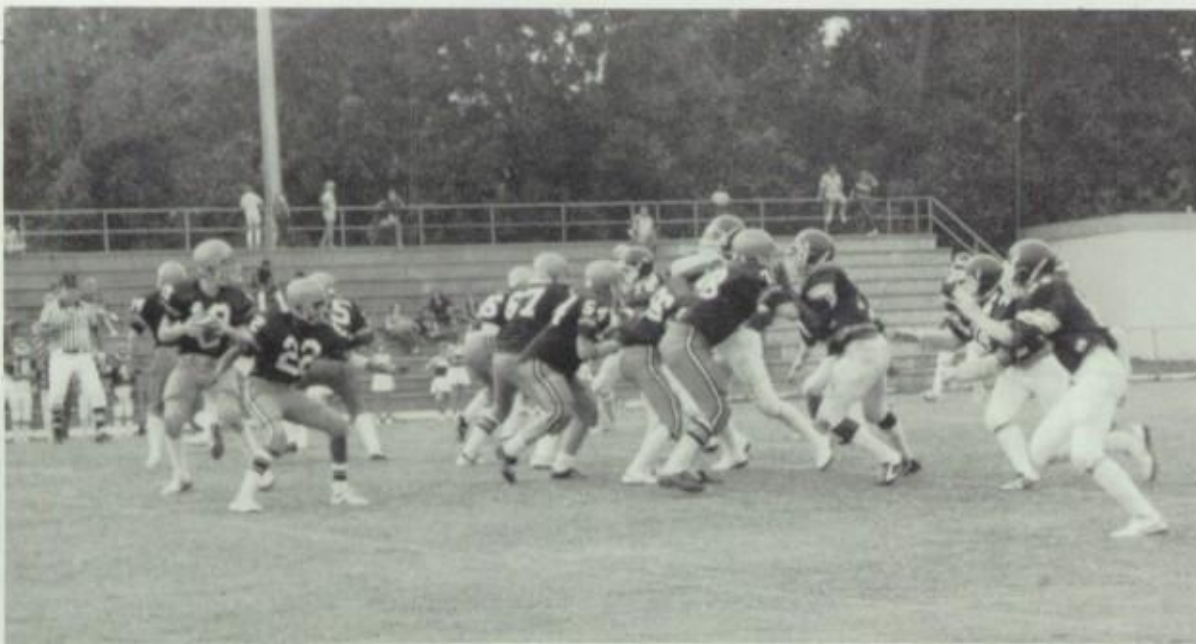

Coach Gracey and the team finished the season with a 6-1 winning record. If the results of the 9th grade season are any indicator, then the outlook for future M.H.S. football teams seems promising.

9th Grade Basketball

With a mixture of pride, stamina, and determination, the freshman basketball players entered their first year of high school sports. Through unity and teamwork they dribbled their way to a winning season. The players were coached by Michael Brock, a first-year coach at Milton High School. Long hours were spent on perfecting defensive moves, jump shots, and free throws. The practice proved beneficial as the team finished the season with a winning record.

The 9th grade cheerleaders kept the Freshman class rowdy and ready for pep rally competitions. They proudly supported Milton High School at competition with other cheerleaders in Mississippi.

This active group of girls helped to make this one of the best years we have had. Their banners for the pep rallies and games were appreciated by students, and signs for the lockers of boys participating in sports kept the spirit of athletes high. Hard practice after school helped them to improve on their cheerleading ability.

At the end of the season, each of the seven cheerleaders realized that she had completed a good year and looked forward to the year ahead.

FRONT ROW: Leigh McInnis, Angela Trammell, Tracy Adams, BACK ROW: Sabrina Skrzypczyk, Kerri Owens, Sonya Williams.

Mrs. Nanette Whidby, instructor for the dance program, believes in practicing what she teaches. In addition to studying with many well-known and successful dancers, she has participated in the dance programs of organizations such as the Burchfield Ballet and the American Dance Festival. Likewise, she has served as Lecturer for the State Dance Seminars and has choreographed over twenty musicals.

Under Mrs. Whidby's direction, dance students were closely supervised and individually assisted in their endeavors to reach their full potential in this demanding discipline. Students in the Performing Dance class were invited to perform at Seville Square in the fall. During the spring, they were joined by the Dance II students in the presentation of a dance concert for the community.

Offered to students through the Fine Arts Department, dance classes provided students with experience in modern, ballet and jazz. Hard work and determination on the part of both instructor and students paid off. This unique program proved to be a rewarding experience.

And they're off!

This year's track team went to competition with the pride of Milton High School behind them. Full of spirit and determination, track members participated at track meets and kept up Milton High's winning reputation.

As was true with all the other spring sports and activities, the new school requirements brought changes to the track program. Scheduling is a major factor in any sport and when it became necessary to start track meets later in the day, it meant that everyone returned home late.

This year the team had good sprinters and pole vaulters. The half-mile run also proved to be a strong event. Coach Gracey expressed his feelings about his boys by saying, "It is a good team this year. If they return, we'll have a good team next year."

Girl's Track

Dedication, hard work, and determination are the key factors in the realization of a superb track team. Consisting of thirty young ladies, the girls track team was relatively large this year, but each member of the team showed a willingness to work.

Exercises were required of all team members in order to prevent muscle strains and to serve as a warm-up procedure. Among the crowd of talented runners, there was a great deal of natural ability.

This sport seemed to be unaffected by the new seven period day. With an earlier start on the practice season and under the leadership of the coach, the girls team was ready for a competitive season.

FRONT ROW: Dawn Densel, Sabrina Skrzypczyk, Pamela Holmes, Christy Smith, Candy Hill, Pam Todesca, Jennifer Terrill, Marsha Hodrick, Susan Wright. Golf

The golf team of 1985 had a tough schedule set for them, but Coach Howard had hopes of winning the district title this year. The team was very strong, especially with the underclassmen who proved to be exceptionally good players in spite of their lack of experience. However, there was one weakness—the team needed more girls.

Special problems were created with the new requirements of having to be present in class at least twenty-five minutes in order to be considered present. For this reason, players could not leave until after school, a regulation which forced the matches to start later.

The team consisted of many young players, and each proved his own strength and stamina.

Joyce Madarang steps aside so Coach Martin can return the ball.

This year was the first year for the Milton High School tennis team. Since members of the team lacked experience, competition was very rough. Weaknesses were to be found in all areas of play because with a first-year effort, everyone had something to learn. However, the good attitude and the hard work of the athletes were strong points which helped to compensate for the lack of experience.

During pre-season practice, Coach Martin summed up the way he felt about his team by saying, "We're going to be winners before the season is out." How right he was! History was made on February 21 when the boys won the first tennis match ever in their defeat of P.H.S.

"That serve was out!"

The selling of advertising made it possible for Milton High School to have a successful annual. Without the financial support of the local merchants, the cost of the annual for students would increase. The sale of advertising also helped the students to meet the local merchants and gave them an opportunity to foster a better understanding between the school and the community.

The community, as well as the world at large, had an eventful year. As is usually true, the events of 1984-85 ranged from the traumatic to the trivial. Few of us, however, will ever forget that this was the year of Michael Jackson and the year of unprecedented success for the U.S. in the Olympics. History was made when Geraldine Ferraro became the first woman to run for Vice-President of the United States. History was restored when repair work began on the Statue of Liberty.

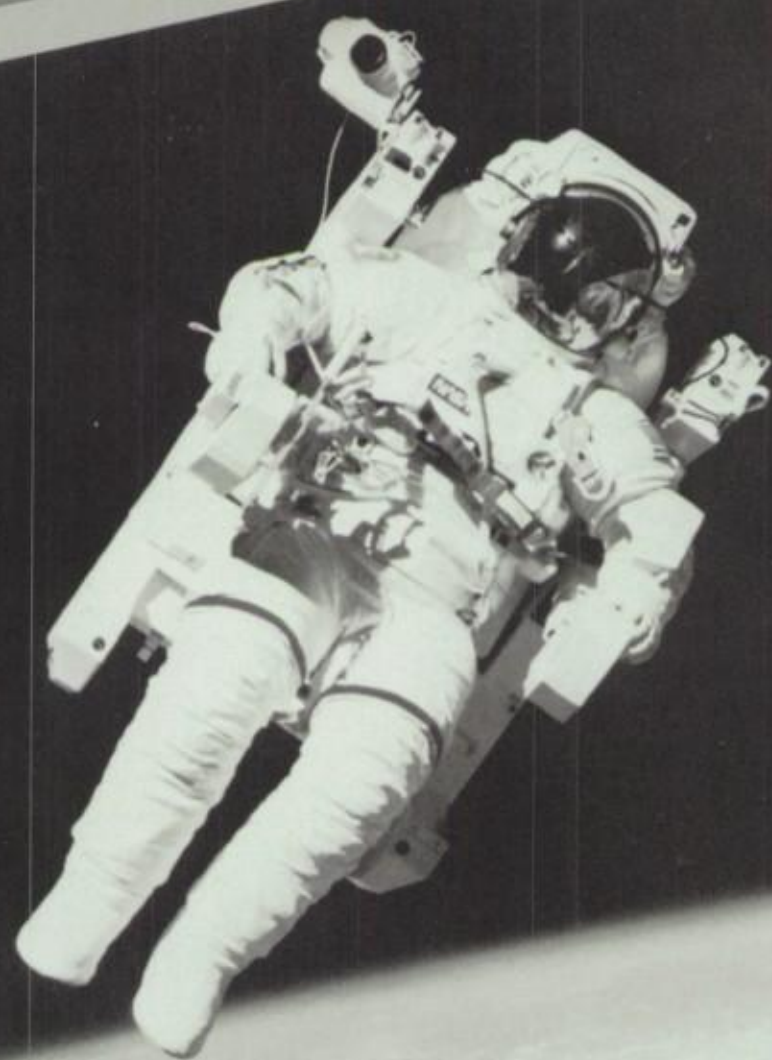

Walks in space may have presented new horizons for our astronauts, but for those of us left earth-bound, no less was true.

So we never went out,
so we never did anything
naughty or anything innocent so what.
I'm still glad to have met
you and to have been able to

Michelle,

Well chic, it has been one heck of a year hasn't it? I guess you could say we've been through

CARPENTER'S GARAGE

a lot together. I'll never forget when you spent the night over here the night before New Orleans. We couldn't sleep, Pam was so funny, talking in her sleep. She scared me half to death when she threw that pillow at us, though. What about the time we slept until 7:30, that morning was so crazy. It was fun cooking dinner for us and Nick that night. I won't ever forget our trips to Shreveport, either. We did have a lot of fun. It's too bad we didn't meet those Gulf Breeze guys earlier. Thanks for all you've done for

SPACE SPORTS OF MILTON

Good Luck

&

Best Wishes

to the Class of '85

Space Sports now has six locations and plans are now being completed for a new location in Milton.

Michelle,
 Well babe ~ I'll never be able to
 say everything I want in this year-
 book, but I'm going to try. It all
 started in biology in the 10th grade -
 what a class! We hated to
 cheat on all the tests and
 still make F's but for
 some strange reason we
 always came out with
 A's at the end of the
 six weeks. There we always
 had a problem decide who
 we never could date him. And what
 wanted to date him? And what
 about Greg?! Man, that was a long
 time ago. The 11th grade we didn't have
 any classes together and our friend-
 ship wasn't that great ~ not that we
 didn't like each other
 but we just never had the chance to
 talk. Now, this year is
 almost over and it
 seemed like we only started yesterday.
 We're fixing to start college

Michelle,

It has been fun being in Art with you. Even though you can't draw or paint. Just building. Good luck in the future in "everything."

Michelle,

Well our four years has finally come to an end. and you've helped make the last one even more special. It's been fun in T.Y. & L. and Calculus, especially Gregory Calculus! I hope that you reach every goal you set for yourself in life. Have a wonderful summer. Take Care & God Bless

Beloved Students,

Always remember YOU ARE SPECIAL AND PRECIOUS TO GOD. He sent His Son to pay for your sins and ours.

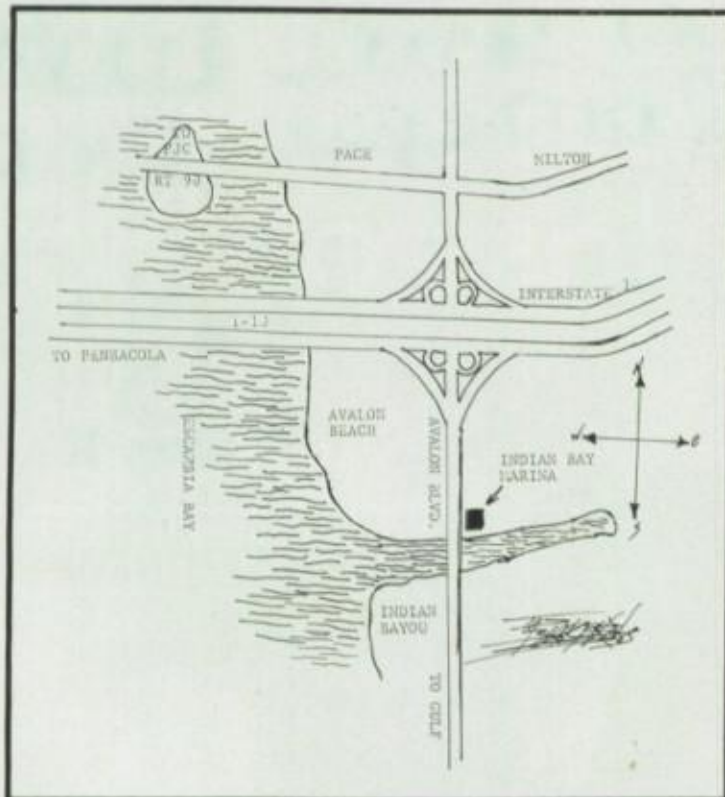

Receive JESUS as YOUR LORD AND SAVIOR. Don't just be "religious." Know Jesus. He loves you more than anyone else in the whole world. "In all thy ways acknowledge Him and He will direct your paths." Trust Him to meet ALL your needs. With Him you'll never be lonely or need a friend. He's a friend Who sticks closer than a brother. HE CARES!

We give our loved ones
back to God.
And just as He first gave
them to us
and did not lose them
in the giving,
so we have not lost them
in returning them
to Him . . .
for life is eternal,
love is immortal,
Death is only a horizon . . .
and a horizon is nothing
but the limit
of our earthly sight.
Helen Steiner Rice

He was our only son and we miss him terribly. Even though it seems he was with us such a short time, we have so many wonderful memories to cherish. He will remain in our hearts forever and our love for him is everlasting. We know he is with our Lord, and we rejoice in knowing that we will be together again in Heaven one of these days.

When I must leave you
For a little while—
Please do not grieve
And shed wild tears
And hug your sorrow to you
Through the years,
But start out bravely
With a gallant smile;
And for my sake
And in my name
Live on and do
All things the same,
Feed not your loneliness
On empty days,
But fill each waking hour
In useful ways
Reach out your hand
In comfort and in cheer
And I in turn will comfort you
And hold you near;
And never, never
Be afraid to die,
For I am waiting for you in the sky!

Your gentle face and patient smile
With sadness we recall
You had a kindly word for each
And died beloved by all.

The voice is mute and stilled the heart
That loved us well and true,
Ah, bitter was the trial to part
From one so good as you.

You are not forgotten loved one
Nor will you ever be
As long as life and memory last
We will remember thee.

We miss you now, our hearts are sore,
As time goes by we miss you more,
Your loving smile, your gentle face,
No one can fill your vacant place.

Putting It All Together:

This past year at Milton High has been a year for changes. New state requirements varying from a required seven-period day to the specification of the number of absences a student can accumulate has played a big part in this past year.

As the year unfolded, students, as well as the faculty, found themselves without the accustomed leadership of the principal who had to resign his position due to an illness. Each person had to adjust to the expected changes brought by a new principal.

Students adapted to these changes in their own way. When asked what one change has had the greatest effect on them, they replied . . .

Tammy Campbell: "The change from six classes to seven classes has been the biggest change. I think that people can learn more in six one-hour classes than they can learn in seven fifty-minute classes."

Laura Blackman: "I feel the biggest change this year has been the addition of the seventh period. When the idea was introduced, it didn't seem like too great a change, but as this year has progressed, the homework load has gotten increasingly worse."

Deirdre Woolsey: "The change that has affected me the most is the addition of many new rules and policies."

Reata Celestial: "I feel that the seven-period day has had the greatest effect on me. Not only has it placed mental stress on me due to the additional academic class, but physical stress as well, due to late hours spent on the increased amount of homework."

Laurie Rials: "The 18 day absence change has affected me some, but it's a change for the best I'm sure."

Leslie Bell: "I think the change that has affected me the most is the switch from six to seven periods a day. This is good because it gives students a chance to take more classes, but it also seems to have a harmful effect on students' morale."

John Ware: "The reduction of extra-curricular activities is too much. This 7 period schedule is rough on the teachers as well as the students. What I want to know is why, after all these years, they change the schedule."

The Year Just Past

Leondra McCray: "The 25 minute lunch period has been a big change because of the time it takes you to get to the lunch room and to get back to class. I remember that in previous years, you not only had time to eat but also to study for your next period test."

Duane Raley: "There have been many changes at school this year... like everything. Some changes have been good and others have been bad. Overall, no one change has really had a big effect because this year has been great. I guess the change that has affected me the most is having 7 instead of 6 classes. I now have to run 7 half-mile sprints across campus instead of 6 to get to class on time."

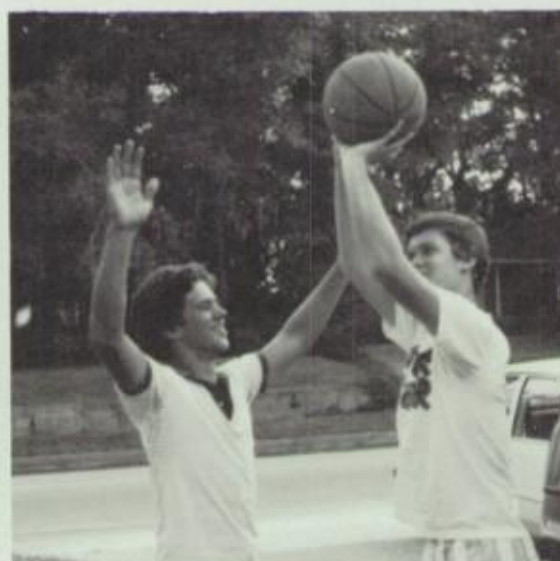

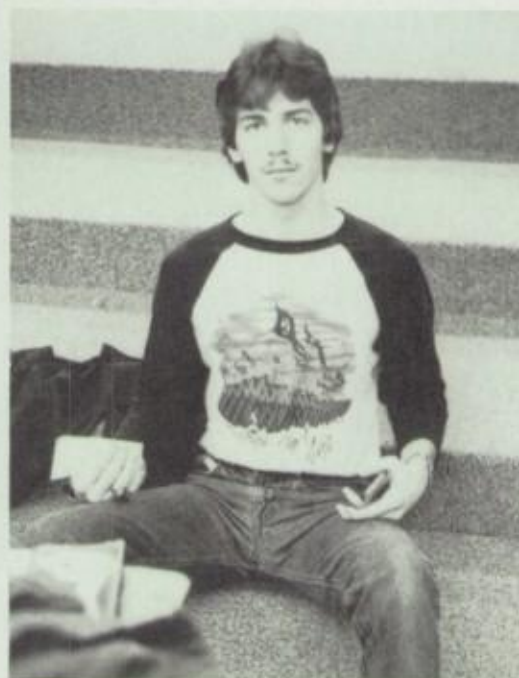

Sandy Peaden: "The seven period class days have really affected my activities. I'm a band member and I rarely have time to practice. It has affected the time I used to spend with my family and friends because I'm always doing homework."

Sheri Burton: "The seven period day has affected me most. It seems as though the days are longer and there is definitely more work for us. We have to cram an hour's work into 50 minutes, and it really puts pressure on us."

Chris Martin: "The increase in surfers this year at M.H.S. has made the competition really hot, but true surfers (Ex. me) always come out on top."

Tad Blackburn: "The seven periods cutting into my lunch schedule has given me less time to talk to my friends and only enough time to eat one of those delicious school lunches. YUM!"

Jarrold Williamson: "The change that has had the greatest effect on me is the lack of club meetings during the school day. I believe this has cut down on student participation in clubs."

Jimmy Howard: "I think the changing of the academic requirements before my senior year had the greatest effect on my education at this high school."

Putting It All Together:

As the old year comes to an end, we begin to look to the coming year with anticipation as to what it will bring. Many seniors will be preparing to attend the college of their choice to further their education while others fill out applications for employment.

The underclassmen anxiously await the new school year to see if it brings as many changes as the past year. Some of the students will be adjusting to new faculty members who will be replacing those who are retiring. These retiring teachers are also looking forward to a change in their life-style.

When asked what new things, places, people and events were on their personal horizons, students and retiring teachers replied . . .

Sonia Hayes: "I am anxiously waiting for a memorable graduation and summer vacation. I am excited about attending college and experiencing college life."

Michael Kreitzinger: "This summer I plan on going to the beach, working out in the weightroom and working . . . and in that order. In the coming school year, I plan on making it as enjoyable as possible, while making good grades. I also anticipate a great football season for MHS . . . maybe State in '87!"

Marc Vallianos: "During the summer, I will be taking a trip to Europe. I will visit Italy, West Germany, Greece and maybe Yugoslavia. I will attend the University of West Florida. I will decide there whether I will major in psychology, veterinary medicine or medicine."

Michelle Johnson: "My four years at MHS have been both enjoyable and memorable. After graduation, I plan to enter the Army under their scholarship program. MHS . . . Roll On!"

Michelle Voight: "After graduation, I plan to drive out to California to live with my family and to attend college. I plan to stop along the way to do sightseeing."

Elizabeth Garrett: "I am really looking forward to graduating. After graduation, I plan to go to college and major in child psychology."

Becky Vaughn: "I am planning on spending most of the summer at the beach just relaxing and trying to forget school."

Mr. Trawick: "I will be retiring from teaching school after 31 years. I plan to host a Holy Land tour to Italy, Egypt, Israel, Jordan, Greece and Turkey in Feb. '86. I plan to pastor a church, raise a garden, and get in some fishing and hunting."

The Year Ahead

Pat Marsh: "I'm hoping to meet new and interesting friends over the summer and to make enough money for next year. But most of all, I'm just going to have fun."

Mr. Sasser: "I have a few cows and I'm looking to working to improve the herd. I also plan to do some work with real estate. After 33 years of teaching experience, it will be enjoyable to retire."

Joe Teston: "I am looking forward to going to the beach and to football camp at Auburn. Most of all, I'm looking forward to going out with Chris and Eugene."

Jill McConnell: "After school is out for the summer, I plan to take a long vacation. After I recover from school, I'll probably take a class at PJC to get a head start on my college education."

Mr. Hughes: "My plans include retirement in the next 2-3 years and planning a trip to Virginia, Niagara Falls and Canada this summer. Also, I intend to visit my new granddaughter on her birthday. In my 33 years of teaching, I have always worked 12 months; thus, I have had little time for vacationing."

Don Toole: "I am looking forward to meeting new people and having many good times at the beach."

Leann Sullivan: "Having seven periods this year has made it very difficult to be involved in extra-curricular activities and make good grades. I intend to stay very active in as many school activities as possible and to work extra hard to continue making good grades in the 1985-86 school year."

Mr. Rosser: "I plan to spend a lot of time with my grandchildren and travel in the U.S. and Canada."

Shelly Royce: "During the summer, I plan to enjoy myself. I have learned that you have to enjoy life while you're young and yet I still realize that it's not long before I'm out there in the real world."

Michelle,

I am truly glad that we have been friends through out high school. Florida Youth & Law, Spanish II, & 4th period would not have been the same without you. I probably would not have passed Spanish if you had not helped me. You are a terrific girl and I hope you get everything you want out of life. Don't forget about me during the summer, I want to keep in touch.

Love,

John

Colophon

The 1985 *Panther's Paw* is the 41st edition of Milton High School's yearbook. It was printed, using the offset lithography process, by Herff Jones Yearbook Company in Montgomery, Alabama.

The press run consisted of 850 copies, of a 9x12 trim size book of 269 pages. The cover, a Vista Lithograph of an original design, was created specifically for the '85 *Panther's Paw* by Gary Clements, Herff Jones Yearbooks artist. The design was applied to the cover in a 4-color process and then laminated.

The binding is Smyth Sewn rounded and backed. Endsheets are standard stock of Vibracolor Yellow (VC 15). The yearbook pages are printed on Bordeaux 80 lb. glossy paper.

The type face selected for printing is Century Schoolbook. 8 pt. type is used for captions and 10 pt. is used for body copy. Headlines sizes included 24 pt., 36 pt., and 60 pt. type face.

Senior portraits, class photos, and special activities photos were furnished by Stone's Studio, 2503 N. 12th Ave., Pensacola, Fl. All other photography was provided by staff photographers using Kodak Tri-X Pan 400 film.

The initial contract price based on the above specifications and 24 pages processed 4-color was \$17,395.00. This initial price plus additional expenditures resulted in a budget in excess of \$20,000.00 raised through yearbook sales, advertising, club pages, and commissions received from sale of class pictures.

Editor's Note:

When the '84-'85 school year began, many changes were in store for Milton High School. Little did we know the extent of the upheaval that the administration as well as the students would face as the year got underway. From the biggest change, a new principal, to the smallest, a shorter lunch period, every individual was in some way affected by these transitions. Nevertheless, we managed to have a successful year.

From the very beginning of our endeavor, many people have gone "above and beyond the call of duty" to produce this yearbook. Many thanks go to Ms. Woolsey, our advisor, for the late hours, not only during the week but also on weekends, and for being there when needed. Thanks also for caring, and for helping and encouraging us to produce a yearbook we are proud of.

Expressions of appreciation are also in order for *Panther's Paw* staff members, each of whom contributed in a very personal way. THANKS! . . . **To KIM**—for her ability to keep everyone's spirits high when the going was rough and for going beyond her assigned duties to help out. **To JULIE**—for having her layouts done ahead of time and for her unique way with words. **To JOYCE**—for having the stability to keep annual staff sane and for coming out of her "deep hole" just in time to finish her last deadline. **To PAM**—for staying with it to the end and having a cheerful attitude. **To BETH**—for having the voice of experience and for keeping us full of suspense. **To JUDY B.**—for having neat layouts and for adding country music to our list of almost-favorite things. **To JODIE**—for her ability to look great in shaving cream and for her terrific sense of humor. **To CHARMIAN**—for her perfection on layouts and her contribution to police protection.

And then there's a type of yearbook staff member which can only be call "a breed apart." Attracted by the vapors of Dektol, the photographers spent countless hours in the dark room. THANKS! . . . **To JOHN**—for keeping the photographers' schedule organized and for wearing the white glove with style. **To JUDY**—for her ability to tell jokes and for her excellent action shots. **To MATS**—for his perfectly trimmed pictures and his Swedish personality. **To TOMMY**—for every eventual success by means of trial and error. **To KATRINA**—for

We Come To the End—

surviving the initiation rites that always come to the youngest member on staff.

And to our unofficial staff member, **TAD BLACKBURN**, I express the appreciation of the entire staff for all the art work.

A capable staff is essential to producing a yearbook, but without the co-operation and assistance of other people the realization of a finished product would not be possible. Therefore the entire staff of *Panther's Paw* joins me in saying **THANKS! . . . TO THE ADMINISTRATION AND FACULTY MEMBERS**—for working with us to help make this yearbook a reality. **To those in the Main Office (MR. LYNN, MR. HUGHES, MRS. LEVINS, AND MRS. NOBLES)**—for their help and support. **To MRS. BROCK**—for typing, making xerox copies and doing all the little extra things that needed to be done. (Thanks for putting up with all the phone calls!)

And to representatives of Herff Jones Yearbook, we owe a special debt of gratitude. THANKS! . . . **To KEN JERNIGAN**, our sales representative, for working with us and helping us to get the book we wanted. **To BELLE SIMMONS** at the Herff Jones Plant in Montgomery for watching over the quality of our work and for always being there (1-800-453-2813) when we needed her. **To GARY CLEMENTS** for translating our dreams of a smashing cover into reality.

Very special thanks go to the parents of each staff member. In order to be a success at this occupation, a parent must be understanding, patient, and supportive. Also, they must resign the rights of child visitation September-March.

Throughout the months of hard work, our aim has always been to produce a yearbook that the student body would enjoy—not only when the books are delivered but also in the years to come.

No one individual, no small group, could have produced the '85 edition of *Panther's Paw*. However, all of us, working together, made it possible to achieve what, at times, seemed to be impossible.

We hope that you like the results.

Fran Smith

Editor, 1985 *Panther's Paw*

We Look Ahead

Dear Michelle,
Well the time has
finally come! I hope, however, that
we will stay in touch. This past
year has been great and I have
enjoyed talking and being around
you (even though we did not have
any classes together). When I
remember you I will remember
a fun loving girl with neat looks
who will go a long way! Best of
wishes and luck! Remember me!

Love,
Jeffrey Helms

I am sure that this has been a very interesting, challenging, and memorable year for each of you. For those of you who are seniors, graduation will be a turning point in your life. It will be a time to make decisions, a time to reflect, and a time to look to the future. All of you will, in some way, continue your education past the high school years. The staff and administration wish the very best for you as you pursue your dream. As you reach for new goals and strive for new heights in life, you can look back on your pleasurable high school years.

To those students who will be returning to Milton High School, we encourage each of you to return with a positive attitude and a desire to achieve to the best of your ability. It is our sincere desire to help you accomplish the objectives you have set and to help you overcome difficult obstacles that block success. As you face new horizons, let each be a challenge to accept, a goal to achieve, and a dream to fulfill.

On the part of both the student body and the staff of Milton High School, I sense a great deal of pride, purpose, and positive feeling. I look to the future with much anticipation for many great accomplishments. I believe that goals will be achieved and that records will be broken. New horizons are before us. As we work together, I am confident that we will meet the challenge.

Jeffrey Helms

Principal

well, Michelle,
 we've finally made
 it (almost!). Thanks
 for being a good pal.
 I hope we'll be able
 to stay in touch after
 graduation ~ even if
 it's an occasional "hi"
 at McDonalds. Enjoy
 life to the max.
 Good Luck, Sonia Hayes

Michelle,
 I'm glad we had a
 class together this year.
 Spanish was a trip.
 Remember "Eat Me, Eat Me!"
 I was so embarrassed! But
 Oh Well! I hope you have
 a great summer and achieve
 all you want. Take Care and
 Be Good! Friends Forever!
 Judy Baker

Michelle,
 It has been
 fun being in Spanish
 with you this year.
 You are a really nice
 girl. Good luck in
 everything you do.
 Friends,
 Jammy
 Grant

Michelle -
 I'm glad that were
 friends again. We sure
 had our problems (way
 back there)
 But - you are very
 sweet and pretty. I
 hope things work out with
 all the guys. Stay in
 touch after Graduation
 OK.

Michelle,
 It has been a long, long time it seems, and
 it will soon be over. It is just beginning. I hope life
 finds you well. You have been very warm and kind to me.
 I thank you for sharing your friendship with me. You've
 made it a little easier to take A+ times. (The newspaper.)
 Good Luck, Stay Sweet. You may go far.
 Love,

Michelle,

What can I say? These highschool years have really gone by fast & Boy weren't they GREAT? Even with the hard times, boyfriend problems, & girlfriend problems the good really payed off. I really think a lot of you and wish you the best. I still remember 9th grade and will always remember it and all of those other days. Stay sweet and out of trouble and whatever you do give it your best. Good luck and please keep in touch (623-5734). Please, if you ever need to talk or need anything let me know and I Will Be There. You are really special to me and I think that you are a saper person!

P.S. Don't forget
9th grade!

BEST WISHES!

Love always,

Ryan

Michelle,

Well it has been very fun knowing you over the past 3 years. I Hope you have a good time in college don't get in-
to to much trouble OK. You are a very cute and pretty girl who will get every-
thing in life and ~~over~~ will be very
successful in everything

'85'

Love you

Michelle,

You are definitely one person I am glad I got to know better this year. I wish we would have become better friends (or more) in the past years, because we got along great. I'm really sorry the other things we had going together did not work out because you were fantastic company. Remember the great times at the Bluffs or at dinner (when the man kept staring at you and I was making funny looks at you) We had some great times in Spanish too. Thanks for letting me copy your Spanish. I don't think I could have made it without you. There's going to be a lucky man that gets you and I envy him. You have one of the best bodies at Milton by far, a super fantastic personality, and you're very easy to get along with. I think we would have worked out if Jimmy was not in the picture. I still would just love to be one of your penstrokes. I think I would love to live the life of a (green) penstroke. I told you I was an excellent cook even though you can't make rice work a darn, just kidding. Good luck in the future. Also I hope we can still be friends in the future (maybe more).

Michelle,

Well, another year of friendship and we have become closer than I had EVER imagined. I never even thought that we could be considered friends because of that run in at Hobbs Middle when I was in 6th & you in 8th. You blessed me out "pretty good" and remember for only sitting on the side-walk of the bus ramp. I hope you can remember to turn out your lights without me when you leave! I wish you were going to be here another year! I am really going to miss you! And especially your little drinks after 4th. I really appreciate it! I will always remember you & always have sort of a semi-crush on you! HA! But you didn't know that!

Be Good!

Love,
Michael

Michelle,

I'm glad we had a class together
and have got to be friends.
I hope you learned something
in Spanish cause I sure didn't.
Maybe I'll see you at "Show Biz"!!!
Best of luck in whatever you
do.

"85"

Michelle,

You proved to be a very
nice person. I didn't know you
too well last year but I'm
glad we got to know each other
better. Good luck in your life.

I hope everything goes okay
for you! Take care stay alive!

Michelle,
We've been friends
for a long time,
but through the
years we drifted
apart. I still
consider you to
be a good friend
and always will
no matter what
happens. If we
made it this far
we can for a while
longer. Take care
and I really hope
we succeed and
become what you
set out to do.

Love,

Michelle,

You are very nice, pretty, intelligent person. I sure hope I get to see you after graduation. Even though I am being rushed to do this, I can still think. I hope life gives you everything you want & need. Hope to see you here & there for the next few years. I am really glad I got to know you better.

Love always

Michelle,
You have been a good friend. The years are gone but the memories are still here. I'm glad that we had some classes together. Maybe we can do some thing together over the summer. I wish you and Rick all the best. Good luck in everything you do and if you ever want to talk just call 633-6330.

Michelle,

I wish we had more time to get to know each other better. I'm glad we got to know each other as well as we did. You seem like a very nice person. I hope you get what you want out of life. Good luck.

Michelle,
it! Can we make
believe it? We've made
with you great working
tax years on staff - the best literary
convinced is that the best it has
ever been! Of course, I guess you
deserve most of the credit since
you are really a sweet person, and
sure you really are a scroll, and
goals in your life! Stay sweet all, of your I'm

Michelle,
It has been a real
pleasure knowing
you over these high
school years. Remember
the good times me, you, and
Michelle V. had in Student
Council last year. You are a
nice girl with a nice personality
and a promising future. Best
of luck in the future.
Friends always,

We know you for a long time, Michelle
but it'll seem like nothing once we're outta
here for a while. For a long time you
beautiful face and smile have meant for
happiness for many people. The best of
luck for you as you try for what makes
you happy.
